#### Items of Discussion:

Rob Sun opened the meeting at 9:03 a.m. The following reminders were announced:

- The Meeting is being recorded and will not be part of the addendum.
- Identify yourself and the company you are representing with contact information.
- The project is Farrington Highway Safety Improvements. Project limits are from Pohakunui Avenue to Interstate H-1. This is a federal aid project.
- Any questions for this project are to be submitted only through Hie-Pro. No responses will be given to questions that are submitted via email or verbally.
- Daniel Williams summarized the needed DBE components of the bid and the documents that will be needed. Ensure to document all discussions, phone calls, faxes, or communications in efforts to meet the DBE goal. The project has a DBE goal of 6.2%. All documents and requirements for DBE that was discussed is provided in the bid documents.
- Bidder Registration Form can be found at: <https://hidot.hawaii.gov/administration/files/2019/03/Bidder-Registration-Fillable-Form.pdf>
- DBE Directory can be found at: <https://hidot.dbesystem.com/>

The meeting adjourned at 9:13 a.m.

**CLARIFICATION QUESTIONS / REQUEST FOR INFORMATION  
AND HDOT RESPONSE**

**FARRINGTON HIGHWAY SAFETY IMPROVEMENTS  
POHAKUNUI AVENUE TO INTERSTATE H-1  
FEDERAL-AID PROJECT NO. HSP-093-1(031)**

The following RFIs/questions were submitted via HlePRO by prospective bidders as of October 13, 2022. The questions and responses are as follows:

1. Are Post mounted Advisory Boards (Notice to Motorist) Required Per Spec 645.03(G) Advisory Signs. Submit advisory sign shop drawings. Construct, install, maintain, and remove two advisory signs as ordered by the Engineer. Place signs at locations designated by the Engineer. Provide signs, minimum 8 feet wide by 4 feet high, with black letters on orange background, and with three 4,00 pounds/foot flanged channel posts for each sign? If so, can you please provide the locations?

**Response:** Yes, they are required. As specified in Standard Specifications, section 645.03(G), two advisory signs are required. The Engineer will coordinate with the contractor to determine the field locations prior to the two weeks before start of construction.

2. Can used signs, posts and hardware be used for Advisory and Construction Work Zone Signs if they are required for the project?

**Response:** Previously used signs may be allowed for use providing that they comply with Standard Specifications, section 645.02, paragraphs 50 through 53, as shown in the plans, and as accepted by the Engineer. Previously used signposts and hardware maybe used providing they comply with Standard Specifications, section 750.02(B) and applicable subsection of 750.03, and accepted by the Engineer.

3. May I get the attendees list from the pre-bid meeting?

**Response:** Attendee list is attached to this Addendum.

4. Due to a large number of projects that we are currently bidding, we would like to request an extension to the bid date of about 3 weeks if possible.

**Response:** HDOT does not intend to extend the bid opening date at this time.

5. Will there be k-rail available for the contractors use provided by HDOT?

**Response:** HDOT will not be providing k-rail. The Contractor shall provide its own temporary barriers.
