	<b>Question</b>	<b>Answer</b>
1.	After reviewing the attached form and Quote form are you looking for just the software cost for our solution or are you also expecting implementation costs as well or would the implementation costs be required if we were to make it to the next stage?	Cost is to include software and implementation. Refer to the Specifications as it indicates a system to allow an unlimited amount of users at the discretion of the host administrator. Refer to the Quote form, request is for the total cost including tax.
