**REQUEST FOR INFORMATION QUESTIONS AND RESPONSES**

The following question were received.

**A. QUESTIONS**

1. **Question: Will you be providing project drawings?**

*Response:* We will not be releasing plans, but a site visit can be offered and scheduled for the contractor.

2. **Question: Drawing A-4 in the specification shows 3 operable partitions. Do you want all 3 operable partitions replaced with operable partitions or accordion partitions? Specification 10222 para. 1.01B Operable Partitions list several partition models. At para. 2.02 it calls for an Accordion Folding Partition. Please advise which type of partition is required.**

*Response:* Either operable partitions or accordion doors are acceptable as long as they follow the specifications. Substitutions are permitted following approval.

3. **Is the space available for site visit prior to substitution requests are due?**

*Response:* Yes, the space is available for a site visit. Contractor(s) need to coordinate with Operations and Communications (AIR-OCM) to open the conference rooms for their own analysis and measurements.

4. **What is the ceiling height of the conference room?**

*Response:* The estimated ceiling height for the conference room is 96.5 in.

5. **What is the height of the partition panels?**

*Response:* The estimated partition panels height is 95 in.

6. **Please provide site map of the building in relation to Daniel K. Inouye International Airport.**

*Response:* Site map of the building is provided via this Addendum.
