SPECIAL PROVISIONS

SPECIAL PROVISIONS

The Specifications contained herein are amended as follows:

A. SECTION 1 - DEFINITION OF TERMS

SECTION 1.33 - SUBCONTRACTOR is amended by deleting it and replacing it with the following:

"1.33 SUBCONTRACTOR - An individual partnership, firm, corporation, or joint venture, or other legal entity, as licensed or required to be licensed under Chapter 444, Hawaii Revised Statutes, as amended, which enters into an agreement with the Contractor to perform a portion of the work.

Add the following new definition:

"1.39 HAWAII ePROCUREMENT SYSTEM (HIePRO) - The State of Hawaii eProcurement System for issuing solicitations, receiving proposals and responses, and issuing notices of award.

B. SECTION 2 - PROPOSAL REQUIREMENTS AND CONDITIONS

Section 2.3 PROPOSAL GUARANTY is deleted in its entirety.

Section 2.4 DELIVERY OF PROPOSALS is amended by replacing the entire subsection with:

"2.4 DELIVERY OF PROPOSALS - **Bidders shall submit and upload the complete proposal to HIePRO prior to the bid opening date and time. Proposals received after said due date and time shall not be considered.** Original (wet ink, hard copy) proposal documents are not required to be submitted. **Contract award shall be based on evaluation of proposals submitted and uploaded to HIePRO. Any additional support documents explicitly designated as confidential and/or proprietary shall be uploaded as a separate file to HIePRO. Do not include confidential and/or proprietary documents with the proposal. The record of each bidder and respective bid shall be open to public inspection.**

FAILURE TO UPLOAD THE COMPLETE PROPOSAL TO HIePRO SHALL BE GROUNDS FOR REJECTION OF THE BID.

If there is a conflict between the specification document and the HIePRO solicitation, the

specifications shall govern and control, unless otherwise specified."

Section 2.5 WITHDRAWAL OF PROPOSALS is amended by replacing the entire subsection with:

"2.5 WITHDRAWAL OF PROPOSALS - Bids may be modified or withdrawn prior to the bid opening date and time. Withdrawal or revision of proposal shall be completed, and submitted and uploaded to HIePRO prior to the bid opening date and time."

Section 2.6 PUBLIC OPENING OF PROPOSALS is not applicable.

Section 2.9 - Certification for Performance of Services is amended by adding the following subsection:

"2.9 CERTIFICATION FOR PERFORMANCE OF SERVICES - Pursuant to Section 103-55, Hawaii Revised Statutes, and unless indicated otherwise, each bidder is required to submit the attached "Certificate for Performance of Services" in the event bids are in excess of \$25,000.00. The notarized certificate must be submitted to said Contracts Office, Department of Transportation, 869 Punchbowl Street, Honolulu, Hawaii 96813, before entering into a contract to perform services."

As of the bid opening date, salaries of State employees performing work similar to the work called for under this contract are as follows:

<u>Class</u>	<u>Salary Range</u>	<u>Minimum Hourly Rate</u>
Automated Systems Equipment Technician	BC-14	\$39.24
Automated Systems Equipment Supervisor	WS-14	\$41.56

The above information is provided to the Contractor for guidance only and is subject to change in accordance with existing collective bargaining contracts or shall change as contracts are renegotiated. It is the bidder's responsibility to verify the accuracy of the wage rates contained herein and to provide for changes in the minimum wages which must be paid personnel working on this

project at all times. Information on the status of Bargaining Unit (BU) contracts can be obtained from the Airports Division, Personnel Management Office, (808) 838-8619.

Bidders are advised that they are not restricted to hire only those classifications of employees as listed but are free to employ such other classifications of workers as the bidder deems proper and proposes to use on the project, and as may be according to the bidder's common hiring practice. However, the principal duties of employees other than those listed hereinabove working on the project will be matched against those of State workers to determine the closest equivalent State employee classification, and the Contractor must compensate such employee(s) at a rate which is no less than that of the equivalent State employee."

C. SECTION 3 - AWARD AND EXECUTION OF CONTRACT

3.1 AWARD OF CONTRACT is amended by replacing the entire subsection with:

3.1 AWARD OF CONTRACT - The State reserves the right to reject any and all proposals and to waive any defects as may be deemed to be in the best interest of the public.

The award of contract, if it be awarded, shall be made within sixty (60) calendar days after the opening of bids to the lowest responsive and responsible bidder whose proposal complies with all the prescribed requirements. The Department may request the bidders to allow the Department to consider the bids for the issuance of an award beyond the 60-calendar day period. Agreement to such an extension shall be made by a bidder in writing. Only bidders who have agreed to such an extension shall be eligible for the award.

Requirement for award. The Bidder, as proof of compliance with the requirements of section 103D-310(c), HRS, upon award of a contract made pursuant to section 103D-302, HRS, shall provide the documents listed below. The documents shall be submitted promptly to the Department. If a valid certificate/clearance is not submitted on a timely basis upon award, a Bidder may be deemed non-responsible.

A. Tax Clearance.

BM1429-53

SP-3

03/09/2024

Pursuant to §103D-310(c), 103-53 and 103D-328, HRS, the bidder shall submit a tax clearance certificate from the State of Hawaii Department of Taxation (DOTAX) and the Internal Revenue Service (IRS) subject to section 103D-328, HRS, current within six months of issuance date.

FORM A6, TAX CLEARANCE CERTIFICATE, is available at the following website:

<https://tax.hawaii.gov/>

To receive DOTAX Forms by fax or mail, phone (808)587-4242 or 1-800-222-3229.

The application for the Tax Clearance Certificate is the responsibility of the bidder, and must be submitted directly to the DOTAX or IRS. The approved certificate may then be submitted to the Department.

B. DLIR Certificate of Compliance.

Pursuant to §103D-310(c), HRS, the bidder shall submit a certificate of compliance for Hawaii Employment Security Law (Chapter 383, HRS), Workers' Compensation Law (Chapter 386, HRS), Temporary Disability Insurance (Chapter 392, HRS), and Prepaid Health Care Act (Chapter 393, HRS), from the State of Hawaii Department of Labor and Industrial Relations (DLIR), current within six months of issuance date.

FORM LIR#27, APPLICATION FOR CERTIFICATE OF COMPLIANCE WITH SECTION 3-122-112, HAR, is available at the following website:

<https://labor.hawaii.gov/>

Contact the DLIR Unemployment Insurance Division at (808) 586-8926 for additional information.

Inquiries regarding the status of a LIR#27 Form are available from the DLIR Disability Compensation Division at (808)586-9200.

The application for the Certificate of Compliance is the responsibility of the bidder. Bidder shall submit directly to the DLIR. The approved certificate may then be submitted to the Department.

C. DCCA Certificate of Good Standing.

Pursuant to §103D-310(c), HRS, the bidder shall submit a certificate of good standing from the Business Registration Division (BREG) of the State of Hawaii Department of Commerce and Consumer Affairs (DCCA), current within six months of issuance date, to demonstrate it is either:

- (1) incorporated or organized under the laws of the State; or
- (2) registered to do business in the State as a separate branch or division that is capable of fully performing under the contract.

A Hawaii business that is a sole proprietorship, is not required to register with the BREG, and therefore not required to submit a Certificate of Good Standing. Bidders are advised of costs associated with registering and obtaining a Certificate of Good Standing from the DCCA.

To purchase a CERTIFICATE OF GOOD STANDING, go to On-Line Services at the following website:

<https://cca.hawaii.gov/>

The application for the Certificate of Good Standing is the responsibility of the bidder. Bidder shall submit directly to the DCCA. The approved certificate may then be submitted to the Department.

D. IN LIEU OF the certificates referenced in subsection A, B, and C, bidder may make available proof of compliance through a state procurement office designated certification process."

D. SECTION 6 - CONTROL OF MATERIAL AND EQUIPMENT

"Section 6.2 - TRADE NAMES AND ALTERNATES is amended as follows:

1. The first paragraph of A. QUALIFICATION BEFORE BID OPENING shall be replaced with the following:

"A. QUALIFICATION BEFORE BID OPENING - When the specifications and/or plans specify one or more manufacturer's brand names of materials or equipment to indicate a quality, style, appearance, or performance, the bidder will be assumed to have based its bid on one of the specified named products, except where such proprietary product are specified, alternate brands may be qualified if found equal or better by the Department. The bidder shall submit a request to the Department for review and approval at the earliest date possible. Requests shall be submitted via email to the Contact person listed in HIEPRO for the solicitation. The request must be received no later than fourteen (14) calendar days before the bid opening date."

2. The first sentence of the second paragraph of A. QUALIFICATION BEFORE BID OPENING shall be replaced with the following:

"It shall be the responsibility of the bidder to submit sufficient evidence based upon which a determination can be made by the Department that the alternate brand is a qualified equivalent."

E. SECTION 7 - LEGAL RELATIONS AND RESPONSIBILITY

Section 7.8 - Labor and Compensation Requirements is amended by replacing the first two paragraphs with the following:

"SECTION 7.8 - LABOR AND COMPENSATION REQUIREMENTS - Pursuant to Section 103-55, H.R.S., Wages, Hours, Working Conditions of Employees of Contractor's Supplying Services, services to be rendered shall be performed by employees paid at wages or salaries not less than the wages paid to public officers and employees for similar work. Additional information on the requirements of Section 103-55, H.R.S., may be obtained at http://www.capitol.hawaii.gov/hrscurrent/Vol02_Ch0046-0115/HRS0103/HRS_0103-0055.htm"

Add the following to SECTION 7.

BM1429-53

SP-6

03/09/2024

7.10 SPECIAL REQUIREMENTS FOR CONTRACTOR'S OPERATIONS IN THE AIRPORT OPERATIONAL AREAS - The Contractor shall conform with the applicable sections of the State Airports Division Rules and Regulations pertaining to its access and operation in the Airport Operational Area hereinafter described as follows:

1.32 STATE - The State of Hawaii.

1.33 SUBCONTRACTOR - An individual, partnership, corporation, other legal entity, or any combination thereof, that enters into an agreement with the Contractor to perform a portion of the work for the Contractor.

1.34 SUPERINTENDENT - The Contractor's representative who is responsible for and in charge of the work.

1.35 SURETY - The corporation, partnership or individual, other than the Contractor, executing a bond furnished by the Contractor and guaranteeing performance by the Contractor.

1.36 TITLES (OR HEADINGS) - The titles or headings of the Sections herein are intended for convenience of reference and shall not be considered as having any bearing on their interpretation. Unless otherwise indicated, whenever the word "Section" is used, reference is being made to a Section in these specifications.

1.37 WORK - The furnishing of all labor, materials, equipment, and other incidentals necessary or convenient for the successful completion of the project and the execution of all the duties and obligations imposed by the contract.

1.38 WORKING DAY - Any day, except Saturdays, Sundays and State holidays.

SECTION 2 - PROPOSAL REQUIREMENTS AND CONDITIONS

2.1 QUALIFICATION OF BIDDERS - Prospective bidders must be capable of performing the work for which bids are called.

In accordance with Section 103D-310, HRS, the Department may require any prospective bidder to submit answers to questions contained in the "Standard Qualification Questionnaire for Prospective Bidders on Public Works Contracts" on the form furnished by the Department, properly executed and notarized, setting forth a complete statement of the experience of such prospective bidder and its organization in performing similar work and a statement of the equipment proposed to be used, together with adequate proof of the availability of such equipment. Whenever it appears to the Department, from answers to the questionnaire or otherwise, that the prospective bidder is not fully qualified and able to perform the intended work, the Department will, after affording the prospective bidder an opportunity to be heard and if still of the opinion that the bidder is not fully qualified to perform the work, refuse to receive or consider any bid offered by the prospective bidder. All information contained in the answers to the questionnaire shall be kept confidential. Questionnaire so submitted shall be returned to the bidders after serving their purpose.

Failure to complete the qualification questionnaire will be sufficient cause for the Department to disqualify a prospective bidder.

No person, firm or corporation may bid where (1) the person, firm, or corporation, or (2) a corporation owned substantially by the person, firm, or corporation, or (3) a substantial stockholder or an officer of the corporation, or (4) a partner or substantial investor in the firm is in arrears in payments owed to the State of Hawaii or its political subdivisions or is in default as a surety or failure to do faithfully and diligently previous contracts with the State.

2.2 REJECTION OF PROPOSALS CONTAINING ALTERATIONS, ERASURES, OR IRREGULARITIES - Proposals may be rejected if they show any alterations of form, additions not called for, conditional bids, incomplete bids, erasures, or irregularities of any kind.

When proposals are signed by any agent, other than the officer or officers of a corporation authorized to sign contract on its behalf or a member of copartnership, a Power of Attorney must be on file with the Department prior to opening bids or shall be submitted with the proposal; otherwise, the proposal may be rejected as irregular and unauthorized.

Members of a joint venture may be requested to supply the Department with a copy of their joint venture agreement or each member of the joint venture may be required to sign the proposal.

2.3 PROPOSAL GUARANTY - A proposal guaranty (bid bond) is not required except when specifically noted in the proposal section of the bid document.

When a proposal guaranty is required with a bid, it will be specifically stated in the proposal; and no proposal totaling \$25,000 or more will be considered unless accompanied by one of the following forms of bidder's security:

- A. a deposit of legal tender; or
- B. a surety bid bond underwritten by a company licensed to issue bonds in the State of Hawaii and submitted on the standard form provided herewith; or
- C. a certificate of deposit, share certificate, cashier's check, treasurer's check, teller's check, or official check drawn by, or a certified check accepted by and payable on demand to the State by a bank, savings institution, or credit union insured by the Federal Deposit Insurance Corporation (FDIC) or the National Credit Union Administration (NCUA).
 - 1. The bidder may use these instruments only to a maximum of one hundred thousand dollars (\$100,000.00).
 - 2. If the required security or bond amount totals over one hundred thousand dollars (\$100,000.00), more than one instrument not exceeding one hundred thousand dollars (\$100,000.00) each and issued by different financial institutions shall be acceptable.
 - 3. The instrument shall be made payable at sight to the Department of Transportation, State of Hawaii.

According to Section 103D-323, HRS, the above shall be in a sum not less than five percent (5%) of the amount bid.

2.4 DELIVERY OF PROPOSALS - Each proposal shall be placed, together with the proposal guaranty when required, in an envelope and sealed and so marked as to indicate the identity of the project, the name and address of the bidder, and other required information and then delivered as indicated in the Notice to Bidders. Proposals will be received up to the time fixed in the Notice to Bidders for the opening of bids.

2.5 WITHDRAWAL OF PROPOSALS - Any proposal may be withdrawn at any time prior to the time fixed in the Notice to Bidders for the opening of proposals upon the filing of a written request therefore with the Department, executed by the bidder or a duly authorized representative. The withdrawal of a proposal shall not preclude a bidder from submitting a new proposal.

2.6 PUBLIC OPENING OF PROPOSALS - Proposals will be opened and read publicly at the time and place indicated in the Notice to Bidders. Bidders or their authorized agents are invited to be present.

2.7 DISQUALIFICATION OF BIDDERS - Any of the following reasons may be considered as being sufficient grounds for the disqualification of a bidder and the rejection of his proposal or proposals.

A. More than one proposal for the same work from an individual, firm, or corporation under the same or different name.

B. Evidence of collusion among bidders. Participants in such collusion will receive no recognition as bidders for any future work of the Department until such participant shall have been reinstated as a qualified bidder.

C. Evidence of assistance from a person who has been an employee of the agency within the preceding two years and who participated while in State office or employment in the matter with which the contract is directly concerned, pursuant to Section 84-15, H.R.S.

D. Lack of proposal guaranty.

E. Unsigned proposal or proposal not signed in ink by person or persons legally authorized to submit a proposal on behalf of the bidder.

2.8 MATERIAL GUARANTY - The bidder may be required to furnish a complete statement of the origin, composition and manufacture of any or all materials to be used in the prosecution of the work, together with samples. Such samples may be subjected to tests to determine their quality and fitness for the work.

SECTION 3 - AWARD AND EXECUTION OF CONTRACT

3.1 AWARD OF CONTRACT - The State reserves the right to reject any and all proposals and to waive any defects as may be deemed to be in the best interest of the public.

The award of contract, if it be awarded, will be made within sixty (60) calendar days after the opening of bids to the lowest responsive and responsible bidder whose proposal complies with all the prescribed requirements. The successful bidder will be notified, by letter mailed to the address shown in its proposal, that its proposal has been accepted and it has been awarded the contract.

Requirement for award. To be eligible for award, the apparent low Bidder will be contacted to submit copies of the documents listed below to demonstrate compliance with Section 103D-310(c), HRS. The documents should be submitted to the Department as soon as possible. If a valid certificate/clearance is not submitted on a timely basis for award of a contract, a Bidder otherwise responsive and responsible may not receive the award.

A. Tax Clearance.

Pursuant to §103D-310(c), 103-53 and 103D-328, HRS, the successful bidder shall be required to submit a certified copy of its tax clearance issued by the Hawaii State Department of Taxation (DOTAX) and the Internal Revenue Service (IRS) to demonstrate its compliance with Chapter 237, HRS. A tax clearance is valid for six (6) months from the most recent approval stamp date on the tax clearance and must be valid on the bid's first legal advertisement date or any date thereafter up to the bid opening date.

FORM A6, TAX CLEARANCE CERTIFICATE, is available at the following website:

<http://www.hawaii.gov/tax/>

To receive DOTAX Forms by fax or mail, phone (808)587-7572 or 1-800-222-7572.

The application for the Tax Clearance Certificate is the responsibility of the bidder, and must be submitted directly to the DOTAX or IRS. The approved certificate may then be submitted to the Department.

B. DLIR Certificate of Compliance.

Pursuant to §103D-310(c), HRS, the successful bidder shall be required to submit a copy (faxed copies are acceptable) of its approved Certificate of Compliance issued by the Hawaii State Department of Labor and Industrial Relations (DLIR) to demonstrate its compliance with unemployment insurance (Chapter 383, HRS), workers' compensation (Chapter 386, HRS), temporary disability insurance (Chapter 392, HRS), and prepaid health care (Chapter 393, HRS). The certificate is valid for six (6) months from the most recent approval stamp date on the certificate and must be valid on the bid's first legal advertisement date or any date thereafter up to the bid opening date. For certificates which receive a "pending" approval stamp, a DLIR approval stamp is required prior to the issuance of the Notice to Proceed.

FORM LIR#27, APPLICATION FOR CERTIFICATE OF COMPLIANCE WITH SECTION 3-122-112, HAR, is available at the following website:

www.hawaii.gov/labor

More information is available by calling the DLIR Unemployment Insurance Division at (808) 586-8926.

Inquiries regarding the status of a LIR#27 Form may be made by calling the DLIR Disability Compensation Division at (808)586-9200.

The application for the Certificate of Compliance is the responsibility of the bidder, and must be submitted directly to the DLIR. The approved certificate may then be submitted to the Department.

C. DCCA Certificate of Good Standing.

Pursuant to §103D-310(c), HRS, the successful bidder shall be required to submit a copy (faxed copies are acceptable) of its approved Certificate of Good Standing issued by the Hawaii State Department of Commerce and Consumer Affairs (DCCA), Business Registration Division (BREG) to demonstrate that it is either:

- (1) incorporated or organized under the laws of the State; or
- (2) registered to do business in the State as

a separate branch or division that is capable of fully performing under the contract.

A Certificate of Good Standing is valid for six (6) months from the approval date on the certificate and must be valid on the bid's first legal advertisement date or any date thereafter up to the bid opening date. A Hawaii business that is a sole proprietorship, is not required to register with the BREG, and therefore not required to submit a Certificate of Good Standing. Bidders are advised that there are costs associated with registering and obtaining a Certificate of Good Standing from the DCCA.

To purchase a CERTIFICATE OF GOOD STANDING, go to On-Line Services at the following website:

www.hawaii.gov/dcca/

The application for the Certificate of Good Standing is the responsibility of the bidder, and must be submitted directly to the DCCA. The approved certificate may then be submitted to the Department.

3.2 CANCELLATION OF AWARD - The State reserves the right to cancel the award of any contract any time before the execution of said contract by all parties without any liability to the successful bidder or any other bidder.

3.3 RETURN OF PROPOSAL GUARANTY - All proposal guaranties, except those of the lowest two (2) bidders, will be returned immediately following the opening and checking of the proposals. The retained proposal guaranty of the second lowest bidder, if not a bid bond, will be returned within ten (10) calendar days following execution of contract by the successful bidder. The successful bidder's proposal guaranty, if not a bid bond, will be returned after a satisfactory contract bond has been furnished and the contract has been executed.

3.4 REQUIREMENT OF CONTRACT BOND - Only when required by the proposal, the successful bidder at the time of the execution of the contract shall file good and sufficient performance and payment bonds on the forms furnished by the Department, or a facsimile thereof, conditioned for the full and faithful performance of the contract in accordance with the terms and intent thereof and also for the prompt payment to all others for all labor and materials furnished by them to it and use in the prosecution of the work provided for in such contract,

in the manner, form and amount required by Section 3-122-224(b)(2), H.A.R., which bonds shall be in an amount equal to fifty per cent (50%) of the contract price, including amounts estimated to be required for extra work, or in the case of price-term, open-end, or requirements contract under which the total amount to be paid to the Contractor cannot be accurately estimated at the time the contract is to be awarded, the bond amounts shall be as designated in the bid documents. Such bonds shall also by their terms inure to the benefit of any and all persons entitled to file claims for labor performed or materials furnished in the work so as to give them a right of action as contemplated by Section 103D-324, H.R.S.

The bidder shall limit the acceptable performance and payment bonds to the following:

- (a) Legal tender; or
- (b) Surety bond underwritten by a company licensed to issue bonds in the State of Hawaii; or
- (c) A certificate of deposit; share certificate,; cashier's check; treasurer's check; teller's check drawn by or a certified check accepted by and payable on demand to the State by a bank, savings institution or credit union insured by the Federal Deposit Insurance Corporation (FDIC) or the National Credit Union Administration (NCUA).

1. The bidder may use these instruments only to a maximum of one hundred thousand dollars (\$100,000.00).

2. If the required security or bond amount totals over one hundred thousand dollars (\$100,000.00) more than one instrument not exceeding one hundred thousand dollars (\$100,000.00) each and issued by different financial institutions shall be acceptable.

3.5 EXECUTION OF CONTRACT - The contract and the "Certificate for Performance of Services", similar to a copy of the same annexed hereto, shall be executed by the successful bidder and returned, together with the contract bonds, when required, within ten (10) days after the award of the contract or within such further time as the Director may allow after the bidder has received the contract for execution.

Pursuant to Section 103D-309, H.R.S., the contract shall not bind the State in any way unless said contract has been fully and properly executed by all the parties thereto and

the Comptroller has endorsed thereon a certificate that there is available an unexpended appropriation over and above all outstanding contracts, sufficient to cover the amount required by the contract.

3.6 FAILURE TO EXECUTE CONTRACT - Failure to execute the contract, Certificate for Performance of Services and file acceptable bonds, when required, within ten (10) days after the award of the contract, or within such further time as the Director may allow, shall be cause for the cancellation of the award and the forfeiture of the proposal guaranty. Award of the contract may then be made to the next lowest responsible bidder.

SECTION 4 - SCOPE OF WORK

4.1 WORK TO BE DONE - The work to be done is described in the Section(s) following Section 9 of these specifications.

4.2 PERFORMANCE OF WORK - The Contractor shall employ, so far as possible, such methods and means in carrying out his work so as not to cause any interruption, disturbance, or interference with the public.

In case the Contractor is performing work in a building, the Contractor shall conduct the work in such a manner so as not to cause any interruption, disturbance, or interference with the business activities of the tenants in the building.

4.3 EXTRA WORK - New and unforeseen items of work will be classed as extra work when they cannot be covered by any of the various items for which there is a bid price.

4.4 CHANGES AND CLAIMS FOR ADJUSTMENT

A. Change order. By a written order, at any time, and without notice to any surety, the procurement officer may, subject to all appropriate adjustments, make changes within the general scope of this contract in any one or more of the following:

1. Drawings, designs, or specifications, if the goods to be furnished are to be specially manufactured for the State in accordance therewith;
2. Method of shipment or packing;
3. Place of delivery;
4. Changes in the work within the scope of the contract; or
5. Changes in the time of performance of the contract that do not alter the scope of work.

B. Adjustments of price or time for performance. If any change order increases or decreases the contractor's cost of, or the time required for, performance of any part of the work under this contract, whether or not changed by the order, an adjustment shall be made and the contract modified in writing accordingly. Any adjustment in contract price made pursuant to this clause shall be determined in accordance with the price adjustment clause of this contract. Failure of the parties to agree to an adjustment shall not excuse the contractor from proceeding with the contract as changed, provided that the procurement officer promptly and duly make the provisional adjustments in payment or time for performance as may be reasonable. By proceeding with the work, the contractor shall not be deemed to have

prejudiced any claim for additional compensation, or an extension of time for completion.

C. Time period for claim. Within thirty (30) days after receipt of a written change order under subsection (a) unless the period is extended by the procurement officer in writing, the contractor shall file notice of intent to assert a claim for an adjustment. Later notification shall not bar the contractor's claim unless the State or county is prejudiced by the delay in notification.

D. Claim barred after final payment. No claim by the contractor for an adjustment hereunder shall be allowed if notice is not given prior to final payment under this contract.

E. Other claims not barred. In the absence of a change order, nothing in this clause shall be deemed to restrict the contractor's right to pursue a claim as under the contract or for breach of contract.

4.5 PRICE ADJUSTMENT

Any adjustment in contract price pursuant to a clause in this contract shall be made in one or more of the following ways:

A. By agreement on a fixed price adjustment before commencement of the pertinent performance or as soon thereafter as practicable;

B. By unit prices specified in the contract or subsequently agreed upon;

C. By the costs attributable to the event or situation covered by the clause, plus appropriate profit or fee, all as specified in the contract or subsequently agreed upon;

D. In such other manner as the parties may mutually agree; or

E. In the absence of agreement between the parties, by a unilateral determination by the procurement officer of the costs attributable to the event or situation covered by the clause, plus appropriate profit or fee, all as computed by the procurement officer in accordance with generally accepted accounting principles and applicable sections of chapters 3-123 and 3-126 of the Hawaii Administrative Rules.

4.6 VARIATION IN QUANTITY

Upon agreement of the parties, the quantity of goods or services or both specified in this contract may be increased by a maximum of ten (10) percent provided (1) the unit prices will remain the same except for any price adjustments otherwise applicable and (2) the procurement officer makes a written determination that such an increase will either be more economical than awarding another contract or that it would not be practical to award another contract.

SECTION 5 - CONTROL OF WORK

5.1 AUTHORITY OF DIRECTOR - The Director shall decide all questions which may arise as to the quality or acceptability of materials furnished and work performed; the manner of performance and rate of progress of the work; the compensation for work performed; the interpretation of the contract and the fulfillment of the contract on the part of the Contractor. The Director's decision shall be final and the Director shall have the authority to enforce any such decision and order which the Contractor fails to carry out promptly and diligently. The Director shall have the following powers in the way of enforcement:

- A. The right to suspend the work.
- B. The right to withhold payment due the Contractor.

5.2 COORDINATION OF PLANS, SPECIFICATIONS AND SPECIAL PROVISIONS - These specifications, the plans, special provisions, and all supplementary documents are essential parts of the contract, and a requirement occurring in one is as binding as though occurring in all. They are intended to describe and provide for the complete work.

5.3 COOPERATION OF CONTRACTOR AND DIRECTOR - The Contractor shall have available at the work site at all times, a copy of the specifications, special provisions and plans. The Contractor shall give the work constant attention to facilitate the progress thereof and shall cooperate with the Director in every way possible.

Before starting work on the project, the Contractor shall designate in writing a superintendent who shall have complete authority to represent and to act for the Contractor.

5.4 INSPECTION - The Director at all times shall have access to the work during its prosecution and shall be furnished with every reasonable facility for ascertaining that the materials and the workmanship are in accordance with the requirements and intentions of these specifications and special provisions. All work done and all materials furnished shall be subject to the Director's inspection and approval.

The inspection of the work shall not relieve the Contractor of any of its obligations to fulfill its contract as prescribed, and defective work shall be made good and unsuitable materials may be rejected, notwithstanding that such defective work and materials may have been previously overlooked by the Director and accepted or included in an estimate for payment.

Projects financed in whole or in part with Federal funds shall be subject to inspection at all times by representatives of the Federal agency involved.

5.5 REMOVAL OF DEFECTIVE AND UNAUTHORIZED WORK - All work which has been rejected shall be corrected or removed and replaced by the Contractor in an acceptable manner and no compensation will be allowed the Contractor for such correction or removal and replacement. Upon failure on the part of the Contractor to comply promptly with any order of the Director, the Director may cause any rejected work to be corrected or removed and replaced and to deduct the costs thereof from any monies due or to become due the Contractor.

5.6 CLAIMS AND DISPUTES - The Contractor may give notice in writing to the Director for claims that extra compensation, damages, or an extension of time for completion is due the Contractor for one or more of the following reasons:

- A. Requirements not clearly covered in the contract, or not ordered by the Director as extra work;
- B. Failure between the State and the Contractor to agree to an adjustment in price for a contract change order issued by the State; or
- C. An action or omission on the part of the Director requiring performance changes within the scope of the contract.

The Contractor shall continue with performance of the contract in compliance with the directions or orders of the procurement officer, but by so doing, the Contractor shall not be deemed to have prejudiced any claim for additional compensation, damages, or an extension of time for completion; provided:

- A. The notice in writing be given:
 - 1. Before the commencement of the work involved, if at that time the Contractor knows of such requirements or the occurrence of such actions or omissions; or
 - 2. Within thirty (30) calendar days after the Contractor knows of such requirements or the occurrence of such action or omission if the Contractor did not have such knowledge before the commencement of the work; or
 - 3. Within thirty (30) calendar days after receipt of the written contract change order that was not

agreed upon by both parties; or

4. Within such further time as may be allowed by the Director in writing.

B. The notice shall clearly state the Contractor's intention to make claim and the reasons why the Contractor believes that additional compensation, changes or an extension of time may be remedies to which the Contractor is entitled; and afford the Director every facility for keeping records of the actual cost of work. Failure on the part of the Contractor to give such notification or to afford the procurement officer proper facilities for keeping strict account of actual cost shall constitute waiver of the claim for such extra compensation. The filing of such notice by the Contractor and the keeping of costs by the procurement officer shall not in any way be construed to prove the validity of the claim.

The Director will review the notice and render a decision. The Director's decision shall be final and conclusive unless, within thirty (30) calendar days from the date of the decision, the Contractor mails or otherwise furnishes a written appeal to the Director. The decision of the Director shall be final. Later notification of such claims shall not bar the Contractor's claim unless the State is prejudiced by the delay in notification. No claim by the Contractor for an adjustment hereunder shall be allowed if notice is not given before final payment under this contract. Any adjustment in the contract price made pursuant to this clause shall be determined according to Section 4.5 - Price Adjustment.

The provisions of this Section shall not be construed as establishing any claims contrary to the terms of Section 4.4 - Changes and Claims for Adjustment.

Nothing herein contained, however, shall excuse the Contractor from compliance with any rules of law precluding any state officers and any Contractors from acting in collusion or bad faith in issuing or performing contract change orders which are clearly not within the scope of the contract.

SECTION 6 - CONTROL OF MATERIAL AND EQUIPMENT

6.1 DEFECTIVE MATERIALS - All materials not conforming to the requirements of these specifications or the special provisions shall be considered defective and all such materials, whether in place or not, shall be rejected. They shall be removed immediately from the site of the work, unless otherwise permitted by the Director. No rejected materials, the defects of which have been subsequently corrected, shall be used until approval in writing has been given by the Director. Upon failure on the part of the Contractor to comply promptly with any order to remove and replace defective materials, the Director may remove and replace defective material and to deduct the cost of removal and replacement from any monies due or to become due the Contractor.

6.2 TRADE NAMES AND ALTERNATES - For convenience in designation on the plans or in the specifications, certain equipment or articles or materials may be designated under a trade name or the name of a manufacturer and its information catalogue. The use of alternate equipment or an article or material which is of equal quality and of the required characteristics for the purposes intended will be permitted, subject to the written approval of the Director, in accordance with the following requirements:

A. QUALIFICATION BEFORE BID OPENING - When the specifications and/or plans specify one or more manufacturer's brand names of materials or equipment to indicate a quality, style, appearance, or performance, the bidder will be assumed to have based its bid on one of the specified named products, except where such proprietary product are specified, alternate brands may be qualified if found equal or better by the Director. Bidders requesting qualification of alternate proprietary products must submit a request to the Director for review and approval at the earliest date possible, but in any event, such request must be received at the Contracts office not later than ten (10) days before the bid opening date, not including the bid opening date.

It shall be the responsibility of the bidder to submit sufficient evidence based upon which a determination can be made by the Director that the alternate brand is qualified. The evidence shall be transmitted with a covering letter which shall list the evidence submitted and the items for which the substitution is requested.

If the evidence accompanying a request for substitution is insufficient to qualify a particular

model, the request shall be denied provided that further evidence may be submitted to qualify the item five (5) days prior to the bid opening date if the initial request was made prior to the deadline set above.

B. SUBSTITUTION AFTER BID OPENING - Substitution of material or equipment will not be allowed after the bid opening date except under the following unforeseen circumstances:

1. If a specified or pre qualified item is delayed by a lengthy strike in the factory or other unforeseeable contingency beyond the control of the Contractor which would cause an abnormal delay in the project completion.
2. If a specified or pre qualified item is found to be unusable due to change or other circumstances.
3. If the Contractor is willing to provide a more recently developed or manufactured item of material or equipment of the same manufacturer which the Director determines to be equal or better than the one specified or pre-qualified.

A substitution request, regardless of reason, shall be fully explained in writing by the Contractor and shall include its justification for said request, the quantities and unit prices involved, quotations and such other documents as are deemed necessary to support the request. Any savings in cost will accrue to the State and any additional cost for the substituted items will be paid by the Contractor.

The burden of proof as to the comparative quality and suitability of alternate equipment, articles, or materials shall be upon the bidder or Contractor and bidder or Contractor shall furnish, at its own expense, all information necessary or related thereto as required by the Director. The Director shall be the sole judge as to the comparative quality and suitability of alternate equipment, articles or materials and the Director's decisions shall be final.

The above shall not be construed to mean that substitution for brand name specified materials and equipment will be allowed; the Director reserves the right to deny any request he deems irregular or not in the best interest of the State.

6.3 ASSIGNMENT OF ANTITRUST CLAIMS FOR OVERCHARGES FOR GOODS AND MATERIALS PURCHASED

A. Vendor and purchaser recognize that in actual economic practice, overcharges resulting from antitrust violations are in fact usually borne by the purchaser. Therefore, vendor hereby assigns to purchaser any and all claims for such overcharges as to goods and materials purchased in connection with this order or contract, except as to overcharges which result from antitrust violations commencing after the price is established under this order or contract and which are not passed on to the purchaser under an escalation clause.

B. Contractor and owner recognize that in actual economic practice, overcharges resulting from antitrust violations are in fact usually borne by the owner. Therefore, contractor hereby assigns to owner any and all claims for such overcharges as to goods and materials purchased in connection with this order or contract, except as to overcharges which result from antitrust violations commencing after the price is established under this order or contract and any change order. In addition, contractor warrants and represents that each of its first tier suppliers and subcontractors shall assign any and all such claims to owner, subject to the aforementioned exception.

SECTION 7 - LEGAL RELATIONS AND RESPONSIBILITY

7.1 LAWS TO BE OBSERVED - The Contractor shall comply with all federal, state, city and county laws, ordinances, rules and regulations which in any manner affect those engaged or employed in the work, the materials used in the work, and the conduct of the work. Any reference to such laws, ordinances, rules and regulations shall include any amendments thereto effective as of the date of the call for sealed proposals.

The Contractor shall hold harmless, indemnify, defend and where appropriate, insure the State, its officers, agents and employees against any claim or liability arising from or based on the violation of any such laws, ordinances, rules or regulations. If any discrepancy or inconsistency is discovered in the contract for the work in relation to any law, ordinance, rule, regulation, order or decree, the Contractor shall forthwith report the same to the Director in writing.

7.2 PERMITS AND LICENSES - The Contractor shall procure all permits and licenses, pay all charges and fees, and give all notices necessary and incident to the due and lawful prosecution of the work.

7.3 PATENTS - The Contractor shall assume all costs arising from the use of patented materials, equipment, devices, or processes used on or incorporated in the work, and shall hold harmless, indemnify, defend and where appropriate, insure the State, its officers, agents and employees from all suits at law or actions of every nature, for or on account of the use of any patented materials, equipment, devices or processes.

7.4 RESPONSIBILITY FOR INJURY AND DAMAGE - The State, its officers, agents and employees shall not be held accountable in any manner for any loss or damage to the work or any part thereof, or for any of the materials and equipment used or employed in performing the work, or for any injury to any person or persons either workers or the public, or for any damage to property caused by the Contractor or its workers or any one employed by the Contractor. The Contractor shall be responsible for any liability imposed by law for any injury to any person or any damage to property resulting from defects or obstructions or from any cause whatsoever during the progress of the work or at any time before its completion and final acceptance. The acceptance of the completed work of the Contractor by the Director shall not relieve the Contractor from any liability which may have accrued or may accrue as a result of the performance of the work by the Contractor. The Contractor shall hold harmless, indemnify, defend and where appropriate, insure the State, its officers, agents and employees, from all suits or actions of every name, kind and description, brought for or on account of

any injuries or damages sustained by any persons or property caused by the Contractor, its servants or agents, or by or on account of any act or omission of the Contractor or its servants or agents, regardless of whether such actions or any claim is brought against them or any one of them before or after the final acceptance of the work. In addition to any remedy authorized by law, the State may withhold payment of any money due to Contractor as shall be reasonable until disposition has been made of any suits or claims for injuries or damages.

It is not the intention of the parties to this contract to make the public or any member thereof a third party beneficiary hereunder, or to authorize anyone not a party hereto to maintain a suit for personal injuries or property damage based on a contract theory of liability. In any event, the Contractor shall hold harmless, indemnify, defend and where appropriate, insure the State from suits and claims for personal injuries or property damage where such injuries or damage are caused by the negligent acts or omissions of the Contractor, its agents or employees.

7.5 COOPERATION BETWEEN CONTRACTORS - Where two or more Contractors are employed on related or adjacent work, each shall conduct its operations in such a manner as not to cause any unnecessary delay or hindrance to the other.

7.6 CONTRACTOR'S RESPONSIBILITY FOR WORK - Until the acceptance of the contract, the Contractor shall have the charge and care thereof and shall bear the risk of injury or damage to any part thereof by the action of the elements or from any other cause, whether arising from the execution or from the non-execution of the work. The Contractor shall rebuild, repair, restore, and make good all damages to any portion of the work occasioned by any of the above causes before its completion and acceptance and shall bear the expenses thereof.

7.7 NO PERSONAL LIABILITY - Neither the Director nor any other officer or authorized employee of the Department shall be personally responsible for any liability arising under the contract.

7.8 LABOR AND COMPENSATION REQUIREMENTS - Wages paid each laborer employed by the Contractor or any subcontractor shall not be less than the prevailing minimum wage rate prescribed by law.

Every laborer employed by the Contractor or any subcontractor whose rate of compensation is Five Dollars (\$5.00) or less per day shall be paid his wages weekly pursuant to Section 103-54, H.R.S.

The Contractor's attention is directed to Chapter 377, H.R.S., Hawaii Employment Relations Act; Chapter 378, H.R.S., Employment Practices; Chapter 383, H.R.S., Hawaii Employment Security Law; Chapter 386, H.R.S., Workers' Compensation Law; Chapter 387, H.R.S., Wage and Hour Law; Chapter 392, H.R.S., Temporary Disability Insurance; Chapter 393, H.R.S., Prepared Health Care Act; Chapter 396, H.R.S., Occupational Safety and Health; and Section 103-55, H.R.S., Wages, Hours, Working Conditions of Employees of Contractor's Supplying Services.

7.9 INSURANCE - Prior to commencing with the work, the Contractor shall, at its own expense, obtain and submit to the Department, Certificate of Insurance from an insurance company authorized by the laws of the State to issue such insurance in the State of Hawaii showing full policy coverage of the Contractor.

TYPES OF INSURANCE:

A. Workers' Compensation:

The Contractor shall obtain worker's compensation insurance for all persons whom they employ in carrying out the work under this contract. This insurance shall be in strict conformity with the requirements of the most current and applicable State of Hawaii Worker's Compensation Insurance laws in effect on the date of the execution of this contract and as modified during the duration of the contract. The minimum limit of liability for workers compensation is the HRS 386 statutory limit.

B. Comprehensive Automobile Liability:

The Contractor shall obtain Auto Liability Insurance covering all owned, non-owned and hired autos with a combined single Limit of not less than \$1,000,000 per accident for bodily injury and property damage with the State of Hawaii named as additional insured. The required limit of insurance may be provided by a single policy or with a combination of primary and excess

policies.

C. Commercial General Liability:

The Contractor shall obtain General Liability insurance with a limit of not less than \$1,000,000 per occurrence and in the aggregates. The General liability insurance shall include the State of Hawaii as an additional insured. The required limit of insurance may be provided by a single policy or with a combination of primary and excess policies.

All policies must provide that 30 days prior written notice of cancellation or material change in coverage be given to certificate holders stated above.

Such insurance when accepted by the Director in writing shall become applicable and shall remain unmodified throughout the entire term of the contract and in no event shall be terminated or otherwise allowed to lapse prior to written certification of final acceptance of the work by the State. Such insurance aforementioned shall cover the State for all work performed under the contract, all work performed incidental thereto or directly or indirectly connected therewith, including other work performed outside of the work area, and all change orders.

Any delay in the submission and approval of insurance certificates shall not be justification of or grounds for a request by the Contractor postponing the issuance of a notice to proceed notwithstanding the fact that the Contractor shall not be allowed to proceed with the work until said certificates are submitted and approved.

Failure to obtain insurance in accordance with the Section, on the part of the Contractor, shall be considered a major breach of the contract; and should the State be forced to expend funds which would have been covered under the insurance, the Contractor agrees to assume the liability for such funds and to indemnify and hold the State harmless.

SECTION 8 - PROSECUTION AND PROGRESS

8.1 NOTICE TO PROCEED - A "Notice to Proceed" letter will be written to the Contractor by the Director. Such letter will indicate the date the Contractor is to begin work and from which date the contract time will commence to run.

The Contractor shall diligently perform the required duties during the term of the contract, or if the work is to be completed within a specified time limit, the Contractor shall diligently prosecute the work to completion within the specified time limit.

8.2 SUBCONTRACTING - The Contractor shall give its personal attention to the fulfillment of the contract and shall keep the work under its control.

Subject to Section 103D-302, H.R.S., the Contractor may subcontract a portion of the work pursuant to the provisions of this section, but the Contractor shall be primarily responsible for the work so subcontracted. The Contractor shall not subcontract any work to any subcontractor who has been suspended by the State.

Before any work is started under a subcontract, the Contractor shall have the written approval of the Director on a written statement on forms furnished by the Department, indicating the work to be subcontracted, the names of the subcontractors and the description of each portion of the work to be so subcontracted and showing that the subcontractors are particularly experienced and equipped to do the work subcontracted. The Contractor shall give assurance that the minimum wage rate schedule as stated in the contract shall apply to labor performed on the work so subcontracted. Consent of the Director to the subcontracting of work shall not be construed to relieve the Contractor of any responsibility for the fulfillment of the contract.

When any portion of the work which has been subcontracted by the Contractor is not prosecuted in a manner satisfactory to the Director, the Contractor, upon receipt of a notice thereof in writing from the Director, shall remove the subcontractor immediately from the project and the subcontractor shall not again be employed on the work.

8.3 ASSIGNMENT OF CONTRACT - The performance of the contract may be assigned only with the prior written consent of the Director and when applicable, the Contractor's surety. Consent to any assignment shall not relieve the Contractor or the Contractor's surety of any obligations of the contract.

8.4 INSUBORDINATION - If any subcontractor or person employed by the Contractor shall fail or refuse to carry out the directions of the Director or shall appear to the Director to be incompetent or to act in a disorderly or improper manner, the subcontractor or person shall be removed immediately upon request by the Director and shall not again be employed on the work, nor shall it be employed upon any other Department project currently under contract to the same Contractor or subcontractor.

8.5 TEMPORARY SUSPENSION OF WORK

A. Order to stop work. The Director, may, by written order to the contractor, at any time, and without notice to any surety, require the contractor to stop all or any part of the work called for by this contract. This order shall be for a specified period not exceeding sixty (60) days after the order is delivered to the contractor, unless the parties agree to any further period. Any such order shall be identified specifically as a stop work order issued pursuant to this section. Upon receipt of such an order, the contractor shall forthwith comply with its terms and take all reasonable steps to minimize the occurrence of costs allocable to the work covered by the order during the period of work stoppage. Before the stop work order expires, or within any further period to which the parties shall have agreed, the Director shall either:

1. Cancel the stop work order; or
2. Terminate the work covered by such order as provided in the "termination for default clause" or the "termination for convenience clause" of this contract.

B. Cancellation or expiration of the order. If a stop work order issued under this section is canceled or if the period of the order or any extension thereof expires, the contractor shall have the right to resume work. An appropriate adjustment shall be made in the delivery schedule or contract price, or both, and the contract shall be modified in writing accordingly; if:

1. The stop work order results in an increase in the time required for, or in the contractor's cost properly allocable to, the performance of any part of this contract; and
2. The contractor asserts a claim for such an adjustment within thirty (30) days after the end of the period of work stoppage; provided that, if the Director decides that the facts justify such

action, any such claim asserted may be received and acted upon at any time prior to final payment under this contract.

C. Termination of stopped work. If a stop work order is not canceled and the work covered by such order is terminated for default or convenience, the reasonable costs resulting from the stop work order shall be allowable by adjustment or otherwise.

D. Adjustment of price. Any adjustment in contract price made pursuant to this clause shall be determined in accordance with the price adjustment clause of this contract.

8.6 LIQUIDATED DAMAGES - It is mutually understood and agreed by and between the parties to the contract that the performance by the Contractor of its duties every calendar/working day is an essential part of the contract and in case of failure on the part of the Contractor to perform its duties for the time specified in the contract, the State will be damaged thereby and the amounts of said damages being difficult, if not impossible of definite ascertainment and proof, shall be estimated, agreed upon and fixed at the sum shown in the proposal for each and every calendar/working day that the Contractor fails to perform its duties during the period the contract is in effect; and the Contractor shall pay the liquidated damages as provided for in the proposal and, in case the same are not paid, the Department may deduct the amount thereof from any monies due or that may become due the Contractor under the contract.

8.7 DEFAULT AND TERMINATION OF CONTRACT

A. Termination by Default. If the contractor refuses or fails to perform any of the provisions of this contract with such diligence as will ensure its completion within the time specified in this contract, or any extension thereof, otherwise fails to timely satisfy the contract provisions, or commits any other substantial breach of this contract, the Director may notify the contractor in writing of the delay or non-performance and if not cured in ten (10) days or any longer time specified in writing by the Director, such officer may terminate the contractor's right to proceed with the contract or such part of the contract as to which there has been delay or a failure to properly perform. In the event of termination in whole or in part the Director may procure similar goods or services in the manner and upon terms deemed appropriate by the Director. The contractor shall continue performance of the contract to the extent it is not terminated and shall be liable for excess costs incurred in procuring

similar goods or services.

1. Contractor's duties. Notwithstanding termination of the contract and subject to any directions from the Director, the contractor shall take timely, reasonable, and necessary action to protect and preserve property in the possession of the contractor in which the State or county has an interest.

2. Compensation. Payment for completed goods delivered and accepted by the State shall be at the contract price. Payment for the protection and preservation of property shall be in an amount agreed upon by the contractor and Director; if the parties fail to agree, the Director shall set an amount subject to the contractor's rights under chapter 3-126, HAR. The State may withhold from amounts due the contractor such sums as the Director deems to be necessary to protect the State against loss because of outstanding liens or claims of former lien holders and to reimburse the State for the excess costs incurred in procuring similar goods and services.

3. Excuse for nonperformance or delayed performance. Except with respect to defaults of subcontractors, the contractor shall not be in default by reason of any failure in performance of this contract in accordance with its terms, including any failure by the contractor to make progress in the prosecution of the work hereunder which endangers such performance, if the contractor has notified the Director within fifteen (15) days after the cause of the delay and the failure arises out of causes such as: acts of God; acts of the public enemy; acts of the State and any other governmental body in its sovereign or contractual capacity; fires; floods; epidemics; quarantine restrictions; strikes or other labor disputes; freight embargoes; or unusually severe weather. If the failure to perform is caused by the failure of a subcontractor to perform or to make progress, and if such failure arises out of causes similar to those set forth above, the contractor shall not be deemed to be in default, unless the goods or services to be furnished by the subcontractor were unreasonably obtained from other sources in sufficient time to permit the contractor to meet the contract requirements. Upon request of the contractor, the Director shall ascertain the facts and extent of such failure, and if such officer determines that any failure to perform was

occasioned by any one or more of the excusable causes, and that, but for the excusable cause, the contractor's progress and performance would have met the terms of the contract, the delivery schedule shall be revised accordingly, subject to the rights of the State under the clause entitled "Termination for Convenience". As used in this paragraph of this clause, the term "subcontractor" means subcontractor at any tier.

4. Erroneous termination for default. If, after notice of termination of the contractor's right to proceed under the provisions of this clause, it is determined for any reason that the contractor was not in default under the provisions of the clause, or that the delay was excusable under the provisions of paragraph 3 above, Excuse for nonperformance or delayed performance of this clause, the rights and obligations of the parties shall, if the contract contains a clause providing for termination for convenience of the State, be the same as if the notice of termination had been issued pursuant to such clause.

5. Additional rights and remedies. The rights and remedies provided in this clause are in addition to any other rights and remedies provided by law or under this contract.

B. Termination for convenience. The Director may, when the interests of the State so require, terminate this contract in whole or in part, for the convenience of the State. The Director shall give written notice of the termination to the contractor specifying the part of the contract terminated and when termination becomes effective.

1. Contractor's obligation. The contractor shall incur no further obligations in connection with the terminated work and on the dates set in the notice of termination the contractor will stop work to the extent specified. The contractor shall also terminate outstanding orders and subcontracts as they relate to the terminated work. The contractor shall settle the liabilities and claims arising out of the termination of subcontracts and orders connected with the terminated work. The Director may direct the contractor to assign the contractor's right, title, and interest under terminated orders or subcontracts to the State. The contractor must still complete the work not terminated by the notice of termination and may incur obligations as are necessary to do so.

2. Right to goods. The Director may require the contractor to transfer title and deliver to the State in the manner and to the extent directed by the Director:

- a. Any completed goods; and
- b. The partially completed goods and materials, parts, tools, dies, jigs, fixtures, plans, drawings, information, and contract rights hereinafter called "manufacturing material," as the contractor has specifically produced or specially acquired for the performance of the terminated part of this contract.

The Contractor shall, upon direction of the Director, protect and preserve property in the possession of the contractor in which the State has an interest. If the Director does not exercise this right, the contractor shall use the Contractor's best efforts to sell such goods and manufacturing materials. Use of this section in no way implies that the State has breached the contract by exercise of the termination for convenience clause.

3. Compensation:

- a. The Contractor shall submit a termination claim specifying the amounts due because of the termination for convenience together with cost or pricing data to the extent required by subchapter 15, chapter 3-122, HAR, bearing on such claim. If the Contractor fails to file a termination claim within one (1) year from the effective date of termination, the Director may pay the Contractor, if at all, an amount set in accordance with subparagraph c. below.
- b. The Director and the Contractor may agree to settlement provided the Contractor has filed a termination claim supported by cost or pricing data to the extent required by subchapter 15, chapter 3-122, HAR, and that the settlement does not exceed the total contract price plus settlement costs reduced by payments previously made by the State, the proceeds of any sales of goods and manufacturing materials under paragraph (2) of this clause, and the contract price of the work not terminated.

c. Absent complete agreement under subparagraph b above, the Director shall pay the Contractor the following amounts, provided payments agreed to under subparagraph b shall not duplicate payments under this subparagraph for the following:

(i) Contract prices for goods or services accepted under the contract;

(ii) Costs incurred in preparing to perform and performing the terminated portion of the work plus a fair and reasonable profit on such portion of the work, such profit shall not include anticipatory profit or consequential damages, less amounts paid or to be paid for accepted goods or services; provided that if it appears that the Contractor would have sustained a loss if the entire contract would have been completed, no profit shall be allowed or included and the amount of compensation shall be reduced to reflect the anticipated rate of loss;

(iii) Costs of settling and paying claims arising out of the termination of subcontracts or orders pursuant to paragraph 1 of this clause. These costs must not include costs paid in accordance with subparagraph (ii) above.

(iv) The reasonable settlement costs of the Contractor including accounting, legal, clerical, and other expenses reasonably necessary for the preparation of settlement claims and supporting data with respect to the terminated portion of the contract and for the termination of subcontracts thereunder, together with reasonable storage, transportation, and other costs incurred in connection with the protection or disposition of property allocable to the terminated portion of this contract. The total sum to be paid the Contractor under this subparagraph shall not exceed the total contract price plus the reasonable settlement cost of the Contractor reduced by the amount of payments otherwise made, the proceeds of any sales of supplies and manufacturing materials under subparagraph b of this paragraph, and the contract price of work not terminated.

d. Cost claimed, agreed to, or established under subparagraphs b and c shall be in accordance with chapter 3-123, HAR. bearing on such claim.

8.8 FINAL INSPECTION - Upon notice from the Contractor of the completion of the work or contract, the Director shall make an inspection. If the contract is found completed to the Director's satisfaction, such inspection shall constitute the final inspection and acceptance of the work.

If the work is unsatisfactory in whole or in part, the Director shall notify the Contractor of the work necessary for final completion and acceptance and the Contractor shall forthwith perform the work required by the Director. Upon performance of such required work by the Contractor, another inspection shall be made which shall constitute the final inspection if the work is completed satisfactorily.

Within ten (10) days after final inspection and acceptance of the work, or as soon thereafter as is practicable, the Contractor shall be notified by the Director in writing of such acceptance.

8.9 TERMINATION OF CONTRACTOR'S RESPONSIBILITY - The contract will be considered complete when all work has been completed, the final inspection made, the work accepted by the Director, and the final estimate paid. The Contractor will then be released from further obligation except as set forth in the contract and bond, when applicable.

SECTION 9 - PAYMENT

9.1 SCOPE OF PAYMENT - The Contractor's bid price shall be inclusive of all costs, direct or indirect, including all taxes, required for the fulfillment of the contract.

Contract payments to the Contractor by the State shall be full payment for the furnishing of all labor, tools, equipment, and other incidentals, including all taxes, necessary for performing all work and services contemplated and embraced under the contract.

9.2 RETAINAGE/DEDUCTION FROM PAYMENT - The Director may at any time retain or deduct out of any sums due the Contractor to cover claims of the State against the Contractor, or such sums sufficient to cover any unpaid claims of others supported by sworn statements filed in the office of the Director, without any liability for damages, interest or otherwise to the Contractor for such retention or deduction.

Provided the work of the Contractor is progressing satisfactorily in the judgment of the Director and in accordance with the provisions of this contract, monthly payments, less five percent (5%), will be made to the Contractor. The amount of such monthly payments shall be determined by the Director based on the Director's estimate of the items of work performed and materials incorporated in the work and the value therefor at the unit prices or lump sum prices set forth in the contract. All monthly payments are shall be subject to correction at any time prior to or in the final payment.

At any time after fifty per cent (50%) of the work has been completed, if the State determines that the work contracted to be performed is progressing satisfactorily, the State may make any of the remaining monthly payments in full.

If the Director finds that unsatisfactory progress is being made, the State may, from the beginning of such unsatisfactory progress, withhold any amount up to five per cent (5%) of any subsequent monthly payment.

9.3 ASSIGNMENT OF PAYMENTS - All monies payable under the contract, or any part thereof, shall be paid to the Contractor in accordance with the provisions of this Section and no assignment or order executed by the Contractor directing payment of any portion or all of such funds to any other person or persons shall be recognized by the State unless such assignment or order specifies the amounts to be so paid and the purposes for which the assignment or order is given. Such assignment or order shall have attached thereto, by endorsement or otherwise, the consent of the surety, when

applicable. No such assignment or order shall be binding on the State.

Any assignment of money shall, however, be subject to all proper set-offs in favor of the State, to all deductions provided for in the contract and to all liens and rights conferred by law on the State. All money withheld, whether assigned or not, shall be subject to being used by the State for the completion of the work in the event of the Contractor's default.

9.4 PROGRESS PAYMENTS - Payments under this contract shall be made only upon submission by the Contractor of an original invoice and 2 copies. The invoice shall specify the amount due less retainage and shall also certify that services requested under the contract have been performed by the Contractor according to the contract.

9.5 FINAL PAYMENT - Final payment will only be made after the Contractor receives final acceptance by the Director as provided in Section 8.8, and until the Contractor has filed with the Department the following:

A. Consent of the surety, when applicable, to payment of the final estimate;

B. Satisfactory evidence by affidavit that all debts resulting from the contract have been fully paid or satisfactorily secured;

C. A current "Certificate of Vendor Compliance" issued by the Hawaii Compliance Express (HCE). The Certificate of Vendor Compliance is used to certify the Contractor's compliance with (a) Section 103D-328, HRS (for all contracts \$25,000 or more) which requires a current tax clearance certificate issued by the Hawaii State Department of Taxation and the Internal Revenue Service; (b) Chapters 383, 386, 392, and 393, HRS; and (c) Subsection 103D-310(c), HRS. The State reserves the right to verify that compliance is current prior to the issuance of final payment. Contractors are advised that non-compliance status will result in final payment being withheld until compliance is attained.

The filing of willfully false affidavits will disqualify the Contractor from bidding on future work of the Department.

SECTION 10 - GENERAL REQUIREMENTS

- 10.1 GENERAL - All work is subject to the requirements of Sections 1 to 9 inclusive, and this Section 10.

By submitting a proposal of the work included in this contract, the Contractor shall be deemed to have made such examination, and is therefore familiar with all the different devices, as well as the current set-up, of the Fire Alarm system, throughout Kahului Airport. See Appendix A for the Fire Alarm equipment list.

10.2 SPECIAL PERSONNEL SKILL AND QUALIFICATIONS

- A. Contractor Qualifications - At the time of bidding the Contractor shall have a valid State of Hawaii (C-13) Electrical license, Electronic Systems (C-15) or Fire and Burglar Alarm (C-15a) Contractor's License with a minimum of three (3) consecutive years of experience (immediately prior to the bid opening date) in the field of Fire Alarm system maintenance, inspection and repair.

The Contractor shall possess the required business and tax licenses to conduct business in the State of Hawaii.

- B. Personnel Qualifications - Fire Alarm system personnel shall have a minimum of three (3) consecutive years of experience (immediately prior to the bid opening date) in the field of Fire Alarm system maintenance, inspection and repair. Credentials will be in verifiable form (names, addresses, and telephone numbers of the training institutions).
- C. The existing fire alarm system at Kahului Airport was manufactured by SimplexGrinnell whose contact info is below.

Fire Alarm
SimplexGrinnell
50 Technology Drive
Westminster, MA 01441
Phone Number: 978-731-2500
Internet: <http://www.simplexgrinnell.com>

The Contractor shall be capable of maintaining,

repairing, and modifying/upgrading the existing fire alarm system.

- C. Upon request, all prospective bidders are to furnish documented maintenance experience. Falsification of personnel qualifications will constitute a major breach of this contract.

10.3 DEFINITION OF TERMS

- A. System(s) - The Fire Alarm system shall include all devices, sensors, networked conductors and/or software, firmware, printers, and computers that are physically inter-connected to system. Fire Alarm system monitors the Fire Sprinkler Protection system's Tamper and Water Flow sensors and these sensors shall be considered part of the Fire Alarm system.
- B. "100 Percent (100%) System Available" - System shall be considered as 100 percent (100%) Available when:
 - 1. All Devices (Network devices, input and output devices, sensors, etc.) are in service and operating as designed, both as individual and monitored components of System.
 - 2. Each of the Systems status conditions recorded and displayed at its remote monitoring stations, is an accurate representation of actual conditions at that monitored location.
 - 3. Fire Alarm system user panel is functioning and reporting as designed.
- C. Dysfunction - Shall be defined as any condition other than 100 Percent System Available. This term is utilized to generally describe a condition that is either a System Malfunction, or System Failure as described below:
- D. Malfunction - Shall be defined as the inability to utilize the Fire Alarm system printer; and/or the ability of System to furnish accurate information, or operation of more than Seventy-Five Percent (76% - to - 99%) of the total system monitored points.
- E. Failure - Shall be defined as the inability to input, control or receive accurate information from the Fire

Alarm system panel; and/or the ability to operate, utilize, or access accurate information of less than Seventy-Six Percent (0% -to - 75%) of the total of system monitored points.

- F. "Emergency Maintenance Work" - Whenever the Contractor is called to perform services Off-Hours, unless scheduled in advance by the State.
- G. Maintain or Maintenance - Shall include preventive maintenance work of Systems components outlined in these specifications, and/or as recommended by equipment manufacturer. Maintenance includes the replacement of unserviceable parts for the control units and peripheral appliances.
- H. Modifications or Modify - The altering of Systems when instructed by the State, to operate other than in the manner in which it is currently functioning. This may include firmware changes; physical additions, deletion, and relocation of equipment, devices, controls and/or monitoring points, detectors, or sensors. Modifications shall be paid for separately as Extra Work. Modification work shall not include system reconfiguration done from the Fire Alarm system user interface to change, delete, add, reassign system operational parameters, which shall be inclusive of contracted maintenance work.
- I. "Normal Maintenance Work" - Maintenance work required as a result of wear and tear on the equipment through normal use for which the equipment has been designed.
- J. "Off-Hours" as used in these specifications shall mean 3:31 p.m. to 6:59 a.m., Monday through Friday, and whole day on Saturdays, Sundays and State holidays.
- K. "Trouble Call" - Shall be defined as an individual notification of the System Dysfunction to the Contractor or designated point of contact (answering service, etc.).
- L. "Regular Working Hours" - as used in these specifications shall mean 7:00 a.m. to 3:30 p.m., Monday through Friday, State holidays excluded.

Conditions at the Airport may require the Contractor to adjust their work schedule to cause the least amount of

disruption to airport operations at no additional cost to the State.

- M. Fix - Shall include restoring System to its normal (designed) operating mode (100 Percent (100%) System Available) within a given time. Any required work shall correct all malfunctions with a qualified technician. Contractor work shall include any problems noted by the State Fire Inspector at time of inspections.
- N. Respond - Shall be defined as to have maintenance personnel on the job working on the equipment or doing a remote diagnostic on the Fire Alarm system and making remedial measures to eliminate a failure and/or trouble conditions as well as to correct a System Dysfunction.
- O. "Response Time" - Shall be defined as the time from Trouble Call to the time contracted maintenance personnel arrive at the System Dysfunction location to start repairs to the System.

- 10.4 COORDINATION OF WORK - All work under this contract shall be coordinated with the State's Airport Manager at Kahului Airport, or his duly authorized representative.

Upon award of the contract, the Contractor shall submit to the Airport Manager and Project Manager, for their review and approval:

- A. Work schedules, Regular Working Hours, a list of management personnel assigned to the project, and all other information concerning the Contractor's maintenance and inspection services to be provided for the Systems.
- B. A readily accessible telephone number, for a single point of contact (answering service, etc.) through which the Contractor can be notified of any situation requiring his attention, any day of the year, 24 hours a day.
- C. User Access Codes with rights only to monitor, poll and print Fire Alarm system status and conditions for Airport personnel use.
- D. Contractor's Inspection and preventive maintenance schedule for all equipment. This should provide, as

well as, not be limited to the manufacturer's recommended maintenance. The actual manufacturer's recommended maintenance list and instructions should be also provided by the Contractor.

- E. Schedule of values for the equipment. The schedule of values shall be used for the measurement of work performed to date and increasing and decreasing the scope of work as conditions dictate for Systems.
- F. The Contractor shall inventory the spare parts for each system in the presence of a State representative. The inventory shall be submitted to the Airport Manager and Project Manager.

10.5 HOURS OF SERVICE - Contractor shall submit the date and scheduled times for Inspections and Preventive Maintenance on an annual basis. Inspections and Preventive Maintenance shall be conducted at least quarterly to ensure the System is functioning properly. The quarterly Inspection and Preventive Maintenance specified herein shall not be construed to mean that all maintenance and repair requirements can be met within this minimum acceptable scheduling of personnel to perform specified work.

- A. As part of this maintenance contract the Contractor shall be responsible to provide coverage of the System daily, excluding Saturday, Sunday, and State Holidays during Regular Working Hours, unless adjusted in advance by the State, to suit their convenience due to changing demands and schedules by its users. This coverage shall require the contractor to be available to respond and perform services to resolve any System Dysfunctions within these Regular Working Hours, specified at no additional cost to the State.
- B. Emergency Services - Whenever the Contractor is called to perform services Off-Hours, unless scheduled in advance by the State, it shall be classified as an Emergency Service callout.

All work requests shall be signed by a witnessing Kahului Airport authorized representative of the State to validate satisfactory completion of work. Work requests shall be issued by authority alerting Contractor of the System Dysfunction. Contractor shall complete work request forms

indicating hours, description of repair done, and type of work done.

10.6 RESPONSE TIME - The System are electronically supervised with the ability to detect and identify System Dysfunctions. These System Dysfunctions are announced to the Fire Alarm system terminal for annunciation. The Fire Alarm panels are monitored by Airport Personnel who have the authority to notify the Contractor of System Dysfunction, which will require the Contractor to Respond as specified by this section.

A. If the System Dysfunction occurs during Regular Working Hours and is classified as:

1. Failure - the Contractor shall respond within Three (3) hours.
2. Malfunction - the Contractor shall respond within Three (3) hours.

B. If the System Dysfunction occurs during Off-Hours and is classified as:

1. Failure - the Contractor shall respond within Four (4) hours.
2. Malfunction - the Contractor shall respond within Eight (8) hours.

C. In order to avoid liquidated damages in the event that subsequent and/or concurring Trouble Calls cannot be addressed within the response time above, the Contractor will respond to each Trouble Call in a priority sequence defined in writing by the Airport Manager or their representative. The Contractor shall be required to immediately respond to each Trouble Call verbally, and to be followed up with a form letter to document:

1. The time of each subsequent Trouble Call.
2. Identifying authority, if instructed to resolve System Dysfunctions(s) in sequence.
3. The resulting actions taken.

10.7 LIQUIDATED DAMAGES

A. The required response times for each System Dysfunction as follows:

1. Failure - Forty-Eight (48) hours (response time inclusive).
2. Malfunction - Seventy-Two (72) hours (response time inclusive).

B. After the required period for the response and/or fix has expired without the correction and elimination of each System Dysfunction, liquidated damages shall be assessed as specified in the contract proposal (PF-1).

10.8 REPLACEMENT OF PARTS - The Contractor shall replace necessary parts of the Fire Alarm system, which are worn through normal wear and tear at no cost to the State. Labor costs for removing old part and replace new part during the course of inspection and maintenance services shall be considered incidental to the Contractor's proposal prices and no additional payment will be made by the State. Replacement parts shall be new, or refurbished by authorized manufacturers representative, to be of the same brand and model as that being replaced. If a different brand or model part is proposed as a replacement, the Contractor must inform the State in writing certifying that substitute part exceeds or, is of equal quality, or is no longer available and obtain the State's approval for its substitution prior to its order or purchase. The Contractor shall monitor inventory, availability, and condition of all parts, to allow Two (2) weeks (minimum) for review by State. Contractor shall maintain an inventory of spare parts so no repair or breakdown will require more than twenty-four (24) hours to be corrected.

10.9 INSPECTION AND PREVENTIVE MAINTENANCE SCHEDULE - The Contractor shall submit for approval an inspection and maintenance schedule (dates and hours) of the System within thirty (30) calendar days after the Award. Deviations from the approved schedule shall be submitted to the Airport Fire Chief, Airport Manager, and Project Manager for approval thirty days prior to rescheduling.

10.10 MAINTENANCE WORK - The Contractor shall replace necessary parts of the Systems which are worn through normal wear and tear at no cost to the State. Labor costs for removing old parts and replacing with new during the course of inspection and maintenance services shall be considered incidental to the Contractor's bid prices and no additional payment will be made by the State. See Appendix A for details.

10.11 MAINTENANCE RECORDS - The Contractor shall provide and maintain a maintenance schedule (from the original manufacturer) for each piece of equipment. Said schedule shall include a call back and trouble log which shall be presented to the Director or Project Manager upon request and shall include, but not be limited to:

- A. A complete record of all maintenance task: Inspections, Tests, Routine, Preventive, Normal Maintenance Work, and Emergency Maintenance Work which are performed on the Systems shall be maintained in a Maintenance Log Book on site. A copy of each incident shall be submitted to the Airport Manager and Project Manager and also be maintained in the Maintenance Log Book. The procedure for making entries into the Maintenance Log shall be submitted for approval by the State. The Contractor shall be responsible for insuring that the Maintenance Log is correctly updated. A copy of this comprehensive Maintenance Log will be forwarded to the Project Manager prior to end of the Project Contract.
- B. The Contractor shall maintain a written record of all Software and/or Firmware installed on Systems. The record shall include, at the minimum, version number and date of inspection of each Software and/or Firmware component. A copy of each update shall be submitted to the Airport Manager and Project Manager and updated into the Maintenance Log Book.

10.12 PAYMENT

- A. Payment to the Contractor for work in response to trouble calls shall be as follows:
 - 1. Normal Work performed during Regular Working Hours shall be provided by the Contractor at no cost to the State.

2. For work performed during Off-Hours shall be provided by the Contractor at no cost to the State.
- B. Time spent at the job site to complete the work shall be taken to the closest one-half (1/2) of an hour and any fraction there of. The Contractor shall obtain the Airport District Manager's or designated representative's authorization for any work in excess of Four (4) hours during Off-Hours. Except as noted for System Dysfunctions to be the result of work done caused by abuse, vandalism or act of God, the Contractor's hourly bid price shall include all labor, materials, equipment, overhead, insurance, taxes and all other incidentals necessary to complete the repair work.
- C. If System Dysfunctions are acknowledged by the State to be the result of abuse, vandalism, or natural disasters, payments to the Contractor shall be based on time spent at the job at the site to complete the troubles at the appropriate work hourly rate as described in this section. Disputes of the cause of System Dysfunction shall not be justification for noncompliance to the requirement of Sections 10.6 - Response Time, or Section 10.7 - Liquidated Damages. Contractor may be reimbursed for any parts required to be replaced by abuse, vandalism, or natural disasters as follows:

(Cost of the new parts, excluding taxes) +
(shipping charges) + 20% for overhead, profit,
taxes and other incidental expense of new parts,
excluding taxes)

The Contractor shall substantiate these additional charges by submitting each original billing invoice along with the regular monthly maintenance invoice, signed by State's local Airport Representative indicating appropriateness of charge and the satisfactory completion of each work task.

- D. For all work specified in this Section 10 shall not be paid for separately but is inclusive as part of Bid Item No. 1 and 2, except for work done caused by abuse, vandalism or act of God, which shall be paid for in accordance with Bid Item No. 3 and 4.

- E. Copies of applicable Inspection and Maintenance reports shall be submitted to the Airport Fire Chief, Airport Manager and to the Project Manager for payment after each inspection.

Corresponding Monthly and Quarterly Inspection and Maintenance reports, including all normal and emergency work reports, is required to be attached to the monthly billing and submitted to the Project Manager in order to process payment.

- 10.13 TERMINATION OF CONTRACT - The System shall be maintained in a satisfactory condition at all times. Failure to comply with these requirements within Seven (7) calendar days shall be cause for the State to terminate the contract without any liability on the part of the State.

The State shall have the right to terminate this Contract with cause or lack of available funding and will notify the Contractor of its intent to exercise its option to terminate maintenance service at least Thirty (30) days prior to termination.

- 10.14 TERM OF CONTRACT - The term of this contract shall be for a one (1) year period beginning from the date indicated in the Notice to Proceed from the State.

- 10.15 OPTION TO EXTEND TERM - Subject to the availability of State funds, this contract may be extended by mutual agreement for two (2) additional one (1) year terms at the option of the State provided:

- A. The Option to Extend is exercised by the State prior to the expiration of the contract;
- B. The term, including extensions shall not exceed three (3) years; and
- C. Payment to the Contractor for each of the additional terms is based on the unit bid prices indicated in the Proposal Schedule of the original contract with no adjustment.

- 10.16 ADVERTISEMENT FOR BIDS - The Contractor is advised that a contract similar in all essentials to this contract may be advertised for bids by the State so that bids will be received prior to Thirty (30) calendar days before the

expiration of the term of the contract as the same may be extended pursuant to Section 10.15. The Contractor may submit a bid in response to any such advertisement for bids upon compliance with the requirements therefore.

- 10.17 CONTINUITY OF SERVICE AND TRAINING - To assure continuity in operating and maintaining the Systems, the Contractor, prior to termination of this contract and/or its extensions shall be provided a minimum Fourteen (14) calendar days of training for two (2) State Personnel. The training shall be coordinated with the Project Manager and conducted on-the-job at Kahului Airport.

The training shall cover the general information for both the Fire Alarm system architectures regarding:

- Theory of operations entire system
- Preventive maintenance procedures
- Troubleshooting and repair procedures
- System operation procedures
- Report generation
- Operation functions

No additional payment shall be made for this training service.

END OF SECTION

SECTION 11 - MAINTENANCE OF FIRE ALARM SYSTEM

GENERAL - All work is subject to the requirements of Sections 1 to 10, inclusive.

11.1 SCOPE OF WORK - The Contractor shall maintain the Fire Alarm system the Kahului Airport. The Contractor's proposal price shall include providing technical expertise, labor, material, taxes, insurance, bonding, overhead, travel, and incidental costs necessary in inspecting, servicing, maintaining, and Certifying the Systems as indicated in Appendix A. Any additional tools, testing and programming equipment shall be provided by the Contractor at no additional cost to the State.

A. The intent of this Maintenance Contract is to provide services to ensure and maintain the condition of the Fire Alarm system to designed reliability and operating specifications, and in compliance with the National Fire Protection Association (NFPA) as well as the laws and ordinances of the County of Maui.

The Fire Alarm System, includes, as well as, but is not limited to the following component devices:

1. CONTROL PANEL AND CENTRAL PROCESSING UNITS

- a. Control functions
- b. Power reliability

2. ALARM INITIATING DEVICES

- a. Heat detectors
- b. Photo duct smoke detectors
- c. Photo smoke detectors
- d. Pull stations

3. ALARM INDICATING DEVICES

- a. Audio/visual signal displays
- b. Color graphic displays
- c. Printers
- d. Status command centers
- e. Visual only signals

4. CONTROL AND AUXILIARY DEVICES

- a. Door holders
- b. Multiplex transponders
- c. Power reliability

5. FIRE SPRINKLERS PROTECTION SYSTEM

- a. Water flow, Tamper Switches or Sprinkler monitoring devices

B. All work that has not been specifically described or defined in these specifications required to be performed by the Contractor to keep the Systems functioning in the manner that the System are designed to function shall be considered as incidental to this contract. Any malfunctioning equipment at the start of this maintenance contract shall not release the Contractor from its responsibility for proper maintenance or care. Before the start of this contract the Contractor shall:

1. Inventory and identify, in writing to the State of malfunctioning equipment. This inventory is subject to verification and approval by the State.
2. Submit a Cost Proposal for the repair of each identified malfunctioning equipment stating:
 - a. Brief description of type of repair work required
 - b. Replacement items
 - c. Estimated Repair Time
 - d. Effects of delaying repair of these items

C. Normal housekeeping duties (dusting, vacuuming, cleaning, etc.) for all the Systems equipment and the area immediately surrounding them as well as the storage and work areas furnished to the Contractor at least once every three months, or as required due to conditions.

D. The State will allow the Contractor access to the Fire Alarm system by modem connection to assist in timely Systems repairs and/or diagnostics. Contractor shall be required to pay for and provide all interface equipment, phone lines, and support for these remote connection.

E. Additional tasks which the Contractor shall be responsible for include modifications and engineering services. Engineering services shall be considered incidental to modifications contemplated or undertaken by the State. Engineering services include, but are not limited to:

1. Determination of the feasibility of modifications.
2. Cost estimates of modifications.
3. Coordinating and inspecting the work of other Contractors whose work affects the Fire Alarm system.
4. Assisting the State or its consultant in the preparation of plans and specifications for the Fire Alarm system modifications.

F. The State will furnish the Contractor the following:

1. Fire Alarm which is operating in a manner satisfactory to the State.
2. The Communications Vault at the Hilo International Airport complete with manuals.
3. Electricity for the system.
4. Equipment and facilities furnished by the State for Contractor's use on this project shall be returned to the State in original condition, less reasonable wear and tear.

G. Subcontract work shall require no separate payment to the Contractor.

H. At the end of the maintenance and repair phase, the documentation shall be updated to show any changes made to the system either as a modification or to correct any deficiency found and corrected during the 12-month period. This shall include any drawing or manual affected by the change.

I. Plans and specifications for the Installation of this Fire Alarm system at Hilo International Airport may be examined in the Communications Vault.

11.2 INSPECTION AND PREVENTIVE MAINTENANCE - All testing will comply or exceed local fire codes and NFPA procedures. Personnel of Hilo International Airport will provide assistance in accessibility for testing purposes only.

A. The Contractor shall perform System performance evaluation, adjustment, calibration, and cleaning of system components and devices. This shall also include, as well as, but not be limited to the following:

1. Fire Alarm Control Units (Central Processing Unit, Status Command Center and Transponders):

- a. Visual inspection of cabinet housing and contents for dust, dirt or other contaminants. PC Boards with dirt, dust, etc., will be brushed or vacuumed to remove contaminants. Cabinet housings will be cleaned and vacuumed (interior/exterior). All electrical and mechanical connections will be visually inspected. Maintenance shall include, but not be limited to testing and/or tightening of all assembly and subassembly mounting screws, factory interconnect and field wiring terminals. Ribbon cable edge connectors shall be cleaned to insure positive contact. Jumper placements and address/options switch setting for CPU, SCC and Transponders will be visually inspected.
- b. Run Fire Alarm system software maintenance, and diagnosing utilities or tools for these Systems. The Contractor shall be able to interpret the information derived from these diagnostics to deduce the proper actions to improve, or correct Systems operations. The Systems diagnostics shall be run, at minimum, once a month to evaluate each Systems condition.
- c. Internal Diagnostics of proper loop channel operation (0 failures) for no less than 1,000 polling cycles each will be verified, parity errors will be documented, Framing/system synchronization errors will be documented, Rate overrun on transmission or reception will be documented, Data shortage on transmission or reception will be documented, Unexpected data reception error will be verified and documented, and a No data reception error will be logged.

- d. Monitor Fire Alarm Computers event/report data storage conditions to prevent the overloading of its storage capacity and/or loss of performance below their respective specified normal parameters. The Contractor shall be responsible for making available, provide, and to accurately anticipate the amount of weekly printout paper, event/report memory and storage capacity each System will require to operate properly.
 - i. Download of the Systems events/report data to an archiving medium such as Tape Backup, Formatted Disks, CDR, or print at least once a month or as required.
 - ii. Purging of event/report no longer required to be contained in the System once information is archived at least once a month, or as required.
 - iii. All fire zones shall be tested to confirm the systems monitoring of ground faults.
2. Power Supply checks and/or adjustments shall consist of, but not be limited to, the following: Battery Trickle Rate adjust, Battery Hi Rate adjust, Supply output adjust, verify AC input voltage level, verify AC input failure/brown out/battery transfer operation, verify DC failure/battery transfer circuit, positive and negative ground detect circuit operation, and verify external failure report circuit operation.
3. Batteries will have resistance load tests performed, voltages and amps readings will be checked, electrical connections will be checked and/or tightened, battery terminals will be cleaned of dirt and corrosion.
4. Visual inspection of all jumper placements and address/option switch settings and test evaluation of Systems Initiating and Indicating Field Devices performance from their terminations at Field Panels and Field Devices. Evaluation is based on calibrated Field Device voltages and data outputs at least once every three months or as required. The Contractor

shall be responsible for evaluating and interpreting these readings, to compare them with normal system responses, then (as required) make corrective replacements, adjustments, and/or calibrations to the Field Devices as recommended by equipment manufacturer to restore normal Systems control and monitoring operations.

- a. Selected peripheral Initiating devices will be tested for alarm activation and the circuit for trouble supervision.
- b. Selected peripheral output (control) devices will be tested as follows:
 - i. Supervised Signaling Devices - device will be tested for proper sounding upon alarm activation.
 - ii. Supervised Output Controls - device will be tested for proper operation on activation.
 - iii. Unsupervised Output Controls - device will be activated and proper operation verified.

B. Maintaining records (dates, inspector's or tester's name, test, results and corrective actions) of all maintenance inspections and test. The Contractor shall compile maintenance records over the monthly billing period and submit the records to the Project Manager with the monthly billing request.

11.3 QUARTERLY INSPECTIONS AND REPORTS: An inspection to evaluate and verify the proper operation of the Fire Alarm Control Panel server unit will be scheduled four (4) times annually. All preventive maintenance is to be performed with each inspection.

A. FIRE ALARM SYSTEM

1. Fifty percent (50%) of the Alarm Initiating Devices, including Fire Sprinklers Protection System, shall be tested for alarm condition and supervision of circuits; fifty percent (50%) of all Alarm Indicating Devices on all indication appliance circuits shall be tested for proper operation and supervision.

2. The test and inspection process will be conducted with the highest standard of workmanship in accordance with the manufacturer's recommended procedure and in compliance with all regulatory requirements including NFPA and the County of Hawaii.
 3. The selection of devices to be inspected/tested shall be scheduled such that all components shall be tested at least once over a 6-month period.
- B. The Contractor shall submit quarterly maintenance reports to the State Airport Manager and Project Manager, and these shall include, but not be limited to a list of the Fire Alarm devices, field equipment, and host computer equipment that was maintained and/or repaired as well as the type of maintenance or repair work performed.
- 11.4 CERTIFICATION - The Contractor shall be responsible to coordinate, pass, and obtain certification for annual Hawaii County Fire Alarm Testing as required. Contractor shall inform and coordinate the certification inspection with Airport Fire Chief and with Hawaii County Fire Inspector.
- 11.5 REPAIR SERVICES - The Contractor shall provide all labor, supplies, materials, equipment, and services necessary for inspection, maintenance, response to trouble calls of the Fire Alarm system. Contractor shall keep the Fire Alarm system in good and safe operating condition at all times, and repair of any System Dysfunctions. The Contractor shall perform System performance evaluation, adjustment, calibration, and cleaning of system components and devices, as well as, but not limited to the following services:
- A. Repair tasks shall include the furnishing of all parts, labor, and materials which may be required to complete repairs. These services shall be provided on an as needed basis at no additional cost to the State. When repair or maintenance work is being performed by others (subcontractors) the Contractor shall have a supervisor on duty to coordinate the work.
 - B. As the spare parts are utilized in system repairs, individual parts (modules) shall be repaired by the

Contractor or replaced with the approval of the State. All equipment, spare parts, documentation, etc., furnished for the Contractor's use on this project during this period shall be turned over to the State in original condition, less reasonable wear at the end of the maintenance and repair period.

- C. At the start of the contract, the Contractor shall inventory the spare parts for each system in the presence of a State representative. The inventory shall be submitted to the Airport Manager and Project Manager.

Dear Sir:

The undersigned bidder declares the following:

1. It has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with this proposal.
2. It has not been assisted or represented on this matter by any individual who has, in a State capacity, been involved in the subject matter of this contract within the past two years.
3. It has not and will not, either directly or indirectly offered or given a gratuity (i.e. an entertainment or gift) to any State or County employee to obtain a contract or favorable treatment under a contract.

The undersigned bidder further agrees to the following:

1. If this proposal is accepted, it shall execute a contract with the Department to provide all necessary labor, machinery, tools, equipment, apparatus and any other means of construction, to do all the work and to furnish all the materials specified in the contract in the manner and within the time therein prescribed in the contract, and that it shall accept in full payment therefore the sum of the unit and/or lump sum prices as set forth in the attached proposal schedule for the actual quantities of work performed and materials furnished and furnish satisfactory security in accordance with Section 103D-324, Hawaii Revised Statutes, within 10 days after the award of the contract or within such time as the Director of Transportation may allow after the undersigned has received the contract documents for execution, and is fully aware that non-compliance with the aforementioned terms will result in the forfeiture of the full amount of the bid guarantee required under Section 103D-323, Hawaii Revised Statutes.

2. That the quantities given in the attached proposal schedule are approximate only and are intended principally to serve as a guide in determining and comparing the bids.
3. That the Department does not either expressly or by implication, agree that the actual amount of work will correspond therewith, but reserves the right to increase or decrease the amount of any class or portion of the work, or to omit portions of the work, as may be deemed necessary or advisable by the Director of Transportation, and that all increased or decreased quantities of work shall be performed at the unit prices set forth in the attached proposal schedule except as provided for in the specifications.
4. In case of a discrepancy between unit prices and the totals in said Proposal Schedule, the unit prices shall prevail.
5. Agrees to begin work within 10 working days after the date of notification to commence with the work, which date is in the notice to proceed, and shall finish the entire project within the time prescribed.
6. The Director of Transportation reserves the right to reject any or all bids and to waive any defects when in the Director's opinion such rejections or waiver will be for the best interest of the public.

Receipt is hereby acknowledged and complete examination is hereby expressly guaranteed of the following listed items: the specifications, the notice to bidders, the special provisions, if any, the proposal, the plans, if any, and the contract form.

The undersigned acknowledges receipt of any addendum, issued by recording in the space below the date of receipt.
