

# Invitation for Bid

IFB2024-PUO-PH1

PU'U O'O FENCE INSTALLATION, Waiakea Forest Reserve, South Hilo,  
Hawaii Island

## Addendum 1

This addendum modifies the original IFB about material specifications and other important details.

The following changes have been made:

- **T-posts (8.5') will be installed 6 feet apart and have one pin between each post.**
- **The 4-foot pedestrian gate will be moved from the NARS unit to the top line. The fence will now connect to the NARS unit on both sides. DOFAW staff will provide the new gate location.**

All other aspects of the IFB remain unchanged.
