NOW, THEREFORE, in consideration of the mutual promises and covenants contained herein, and intending to be legally bound hereby, the **CUSTOMER** and the **COMPANY** hereby covenant and agree as follows:

Article 1: The **COMPANY's** Rights and Responsibilities

1.1 Independent Company Status

The **COMPANY** is an independent Company and in providing its services under this Agreement, shall not represent to any third party that its authority is greater than that granted to it under the terms of this Agreement.

1.2 Legal Responsibility

The **COMPANY** shall perform or cause to be performed the Work and all other services required by this Agreement. The **COMPANY** shall assure that all of the Work is accomplished in a workmanlike manner and that all services which require the exercise of professional skills or judgment shall be accomplished by professionals qualified and competent in the applicable discipline and appropriately licensed in the State of Hawaii, if required by law. All Project Documents that are required to be prepared by the **COMPANY** shall be in accord with all applicable codes, standards, and regulations and shall be prepared by qualified personnel. Where required by Hawaii law, Project Documents shall bear the stamp or seal of engineers licensed in the State of Hawaii. The **COMPANY** shall remain responsible for all services performed, whether by the **COMPANY** or its subcontractors or others on its behalf, throughout the term of this Agreement.

If the **COMPANY** fails to comply with the foregoing standards, the **COMPANY** shall perform again, at its own expense, any and all Work required to be re-performed as a direct or indirect result of such failure. Any review, approval, acceptance or payment for any and all of the **COMPANY's** performance by the **CUSTOMER** shall not relieve the **COMPANY** of its responsibility for the services performed. This provision in no way limits the **CUSTOMER'S** rights against the **COMPANY** either under this Agreement in law or in equity.

1.3 Insurance

The **COMPANY** shall purchase, maintain, and provide evidence of insurance coverage of the types, in the amounts and for the periods specified in **Schedule Q (Insurance and Bonds)**.

On the date described in **paragraph 5.1** hereof, the **CUSTOMER** shall be responsible for providing insurance coverage on the ECMs.

The **COMPANY** may not commence performance of the Work or other services under this Agreement until all required insurance is obtained and evidence of it is received and approved by the **CUSTOMER** as described in **paragraph 2.1**, but the failure of the **CUSTOMER** to obtain such evidence from the **COMPANY** before permitting the **COMPANY** to commence the Work shall not be deemed to be a waiver by the **CUSTOMER**, and the **COMPANY** shall remain under a continuing obligation to obtain and maintain the required coverage and to supply evidence of coverage in accordance with **Schedule Q (Insurance and Bonds)**.

The **COMPANY's** failure to obtain or keep such insurance in force shall constitute an Event of Default under this Agreement within the meaning of **Article 11**, and in addition to the remedies provided therein, the **CUSTOMER** reserves the right to stop the Work until evidence of the requisite coverage is provided. The **COMPANY** shall require all subcontractors performing any portion of the Work to carry the insurance required in **Schedule Q (Insurance and Bonds)** and the **COMPANY** may, at its option, provide the coverage for any or all subcontractors, and, if so, the evidence of insurance submitted shall so stipulate. The **COMPANY** and each of its subcontractors agree that each insurer shall waive its rights of subrogation against the **CUSTOMER**.

The **COMPANY** shall timely renew the required insurance as necessary to keep such coverage in effect for the periods specified in **Schedule Q (Insurance and Bonds)** and shall supply the **CUSTOMER**, not less than thirty (30) days prior to any expiration or renewal dates for such insurance policies, with evidence of all required insurance including updated replacement Certificates of Insurance and amendatory riders or endorsements that clearly evidence the continuation of all coverage in the same manner, limits of protection, and scope of coverage, as was provided by the Certificates of Insurance, amendatory riders or endorsements originally supplied.

The **COMPANY** expressly understands and agrees that any insurance protection furnished by the **COMPANY** hereunder shall in no way limit its responsibility to indemnify and save harmless the **CUSTOMER** under the provisions of this Agreement.

1.4 Performance and Labor and Material Payment Bonds

The **COMPANY** shall, as soon as practicable following the execution date set forth in Article 15 hereof, and prior to commencing the Work, deliver to the **CUSTOMER** a Performance Bond and a Labor and Material Payment Bond securing its obligations to be performed under this Agreement until the Acceptance of the Work by the **CUSTOMER**. Each bond shall be in the amount set forth in **Schedule Q (Insurance and Bonds)** hereof.

1.5 Cooperation with the Customer's Consultants (Optional)

The **CUSTOMER** reserves the right to designate authorized representatives or to retain consultants at its expense, including an Engineer, to act on its behalf with respect to administering the performance required under this Agreement throughout its term. The **CUSTOMER** and its representatives and consultants shall at all times have access to the Work. The **COMPANY** agrees to cooperate with any representative of, or consultant retained by, the **CUSTOMER**.

1.6 Joint and Several Liability

The **COMPANY** further warrants that the ECMs are protected by appropriate written warranties covering all parts and equipment performance for the periods specified in **Schedule R (Warranties)**. The **COMPANY** shall deliver to the **CUSTOMER** for inspection and approval all such written warranties and shall pursue rights and remedies against the manufacturer and each prior seller of the ECMs under the warranties in the event of equipment malfunction, improper or defective function, or defects in parts, workmanship, or performance. The **COMPANY** shall be responsible for managing all warranty activity during the warranty periods set forth in **Schedule R (Warranties)** and shall notify the **CUSTOMER** whenever defects in equipment, parts or performance occur which give rise to such rights and remedies and those rights and remedies are exercised by the **COMPANY**. The cost of any damage, loss or claims by any person arising out of the use or operation of the ECMs or damage to the ECMs and their performance, including damage to other property and equipment of the **CUSTOMER** or the Premises, due to the **COMPANY's** failure to exercise its warranty rights shall be borne solely by the **COMPANY**.

All warranties shall be transferable and extend to the **CUSTOMER**. The warranties shall specify that only new, and not reconditioned, parts may be used and installed when repair is necessitated by malfunction. The **COMPANY** warrants that all workmanship, materials, and equipment used in conjunction with the ECMs will be in conformance with the Project Documents and free from defects for the period, commencing with the date of the beneficial use of each ECM to the **CUSTOMER** and continuing for the period set forth in **Schedule R (Warranties)**.

8.2 Correction of Warranted Work

- (a) Commencing with the date of beneficial use of each ECM to the **CUSTOMER** and continuing for the warranty periods set forth in **Schedule R (Warranties)** for each ECM, or within such longer period of time as may be prescribed by law or by the terms of any applicable special warranty required by the Project Documents, the **COMPANY** shall correct or replace all faulty, defective or nonconforming Work in accordance with the timeframes set forth in 8.2(c). After receipt of written notice from the **CUSTOMER** to correct such fault or defect, whether it was observed before or after acceptance of the Work, the **COMPANY** will correct the Work unless the **CUSTOMER** has given the **COMPANY** a written waiver of the specific fault or defect. Notice may be given by telephone in the event of an emergency situation. The **COMPANY** shall bear all costs of replacing or correcting such faulty, defective or nonconforming Work.
- (b) The **COMPANY** shall, at its own expense, remove from the Premises all portions of defective and nonconforming Work which **COMPANY** is obligated to replace or correct under this **paragraph 8.2** unless removal has been waived in writing by the **CUSTOMER**.
- (c) If the **COMPANY** fails to correct faulty, defective or nonconforming Work as provided in this Section within twenty-four (24) hours after notice, in the case of emergency conditions, or within five (5) business days in other cases after the **COMPANY's** receipt of written notice from the **CUSTOMER** of such faulty, defective or nonconforming Work, the **CUSTOMER** may correct such work at the **COMPANY's** expense including costs incurred due to the removal of faulty, defective or non-conforming and removal and storage of equipment or materials left at the Premises by the **COMPANY**.
- (d) If the **COMPANY** does not pay the cost incurred by the **CUSTOMER** for such repair, removal and storage within ten (10) days of written demand therefore, the **CUSTOMER** may upon ten (10) additional days' written notice, sell any material and equipment not removed by the **COMPANY** at auction or at private sale and shall account for the net proceeds thereof, after deducting all the costs that should have been borne by the **COMPANY**. If such proceeds of sale do not cover all costs which the **COMPANY** should have borne, the difference shall be charged to the **COMPANY**. If the payments then or thereafter due the **COMPANY** are not sufficient to cover such amount, the **COMPANY** shall pay the difference to the **CUSTOMER**.
- (e) The **COMPANY** shall bear the cost of repairing or replacing all work of other Companies destroyed or damaged by such removal or correction.
- (f) Nothing contained in this Section shall be construed to establish a period of limitation with respect to any other obligation which the **COMPANY** might have under the Project Documents. The establishment of the time period set forth in **paragraph 8.2(a)** above, relates only to the specific obligation of the **COMPANY** to correct the Work and has no relationship to the time within which its obligation to comply with the Project Documents may be sought to be enforced, nor to the time within which proceedings may be commenced to establish the **COMPANY's** liability with respect to its obligations other than to specifically correct the Work.

Notwithstanding the provisions of this **paragraph 8.2**, the **COMPANY** shall, on demand made by the **CUSTOMER**, at any time within the ten (10) year period following Acceptance, promptly repair or replace all defective or non-conforming work resulting from fraudulent misrepresentation, fraudulent concealment or gross negligence by the **COMPANY** or its subcontractors in the performance of the Work.

8.3 Location and Access

The **CUSTOMER** shall provide sufficient space at the Premises for the installation and operation of the ECMs for the term of this Agreement, including access to office space with a telephone line, if necessary to allow the **COMPANY** to perform required maintenance, monitoring, and training services. The **CUSTOMER** shall provide access to the Premises for the **COMPANY** and its employees or subcontractors to install, adjust, inspect, maintain, and repair the ECMs in accordance with the terms of this Agreement during regular business hours, or such other reasonable hours as may be requested by the **COMPANY** and acceptable to the **CUSTOMER**. The **COMPANY's** access to correct any emergency condition shall not be unreasonably restricted by the **CUSTOMER**.

8.4 Company Maintenance and Monitoring Responsibilities for ECMs

The **COMPANY** shall be responsible for providing the maintenance, monitoring, repairs, and adjustments to the ECMs as set forth in **Schedule G (Company Maintenance Responsibilities)**. All replacements of and alterations or additions to the ECMs shall become part of the ECMs and shall become the property of the **CUSTOMER**. Any replacements of and alterations or additions made by the **COMPANY** to the **CUSTOMER's** pre-existing equipment, or equipment acquired by the **CUSTOMER** during the term of this Agreement, shall become part of said equipment and be owned by the **CUSTOMER**. The **COMPANY** shall be compensated for such maintenance and monitoring services pursuant to **Schedule C (Compensation to Company)** hereof. In the event of the **COMPANY's** failure to provide maintenance, service, repairs and adjustments to the ECMs, as provided in **Schedule G (Company Maintenance Responsibilities)** or if an Event of Default exists pursuant to **Article 11**, the **CUSTOMER** may withhold fees due to the **COMPANY** for such services until such repairs or adjustments are completed or such Event of Default is cured. The **CUSTOMER** shall notify the **COMPANY** in writing when any payments are so withheld. The withholding of fees by the **CUSTOMER** under this **paragraph 8.4** shall not release the **COMPANY** from its obligation to provide the **Guaranteed Energy Savings (GES)** pursuant to **paragraph 3.3** and **Schedule B (Energy Savings Guaranty)** hereof.

8.5 Customer Operating and ECMs Maintenance Responsibilities

The **CUSTOMER** shall be responsible for providing the maintenance, monitoring, service, repairs and adjustments to the ECMs as set forth in **Schedule H (Customer Maintenance Responsibilities)**. Except as set forth in **Schedule H (Customer Maintenance Responsibilities)**, the **CUSTOMER** shall not move, modify, remove, adjust, alter or change in any material way the ECMs, or any part thereof, during the term of this Agreement, without prior written direction or approval of the **COMPANY**, except in the event of an occurrence reasonably deemed by the **CUSTOMER** or the **COMPANY** to constitute a bona fide emergency. The **CUSTOMER** acknowledges that substantial deviations from the operating parameters set forth in the Schedules to the ESA may constitute a material change in accordance with **paragraph 9.3** hereof. In addition to the responsibilities set forth in **Schedule H (Customer Maintenance Responsibilities)**, the **CUSTOMER** shall use its best efforts to maintain the Premises in good

repair and to protect and preserve the ECMs in good repair and condition in accordance with applicable manufacturers' recommendations which shall be provided to the **CUSTOMER** by the **COMPANY** and to maintain the operating conditions of all mechanical systems and energy related systems located at the Premises.
