TO

REQUEST FOR PROPOSALS (RFP) NO. 25001
ENERGY SAVINGS PERFORMANCE CONTRACTING

The Pre-Proposal Conference for RFP No. 25001 for Energy Savings Performance Contracting was held on July 12, 2024 which covered the RFP solicitation. One question was asked during the pre-proposal conference:

Question: Do the licenses (A,B,C) need to be in place at the time of bid, or can they be acquired after the bid, but before bidding on the project?

Answer: It is required prior to the bid. As indicated in the RFP Section 23.2 Mandatory Minimum Requirements. This section contains the minimum requirements that must be met to be considered for the evaluation phase. All items described in this section are nonnegotiable. All Offerors must satisfy these requirements in the proposal submitted for consideration. Contractors shall be considered non-responsive if unable to cover the minimum requirements which they may not be considered for award.
