/s/ Wendy L. Gady
ADC Executive Director

Procurement Notice Posted: October 15, 2024

SPECIFICATIONS

R10/15/24

3. Land Clearing and Solid Waste Removal, TMK 7-1-002:004 (por) – 1.5 Acres.
- A. Contractor shall clear approximately 1.5 acres identified as TMK 7-1-002:004 (por). The grass, trees, and shrubs shall be cut low to the ground. Tree and shrub stumps shall be treated with a growth inhibitor/herbicide such as Garlon, or equivalent.
 - B. The work may be done with an excavator with an attachment such as a fecon, brush cutter, or equivalent for cutting and mulching, in place.
 - C. The associated green waste from cutting and grinding shall be left on site (on ADC property) where they will rot and decompose. No hauling of mulched green waste is required.
 - D. All work shall be done in a manner consistent with industry standards and in compliance with all federal, state, and county laws.

Solid Waste Removal.

- E. Contractor shall remove all solid waste located within the subject area.
- F. Contractor shall be responsible for removing and disposing of the solid waste.
- G. Arrangements shall be made with a licensed landfill operator or recycling operator.
- H. All work shall be done in a manner consistent with industry standards and in compliance with all federal, state, and county laws.

One abandoned vehicle.

- I. Contractor shall remove one abandoned vehicles from the subject area.
- J. Contractor shall be responsible for removing and disposing of the abandoned vehicle.
- K. Contractor shall prevent hazardous waste from the vehicle from spilling onto the ground and shall properly dispose of such hazardous waste.
- L. Arrangements shall be made with a licensed landfill operator or recycling operator.
- M. All work shall be done in a manner consistent with industry standards and in compliance with all federal, state, and county laws.

[Remainder of page intentionally left blank]

4. Land Clearing and Fire break TMK 7-1-002:041 (por) – 0.3 Acres.
- A. Contractor shall cut back all vegetation approximately 5 feet from the fence line on State property identified as TMK 7-1-002:041 (por) to establish a fire break. The grass, trees, and shrubs shall be cut low to the ground. Tree and shrub stumps shall be treated with a growth inhibitor/herbicide such as Garlon, or equivalent.
 - B. The work may be done with an excavator with an attachment such as a fecon, brush cutter, or equivalent for cutting and mulching, in place.
 - C. The associated green waste from cutting and grinding shall be left on site (on ADC property) where they will rot and decompose. No hauling of mulched green waste is required.
 - D. All work shall be done in a manner consistent with industry standards and in compliance with all federal, state, and county laws.
