

#	QUESTION/CLARIFICATION	RESPONSE
1.	What type of cabling will be used?	CAT6 is preferred
2.	What type of Quality Assurance specifications are we looking for in a vendor?	DLIR is looking for experienced AV vendors that has been doing business in Hawaii in this field for awhile (5+ years preferred) and have certifications similar and or like the equipment they are recommending (e.g., Biamp, Extron, Shure).
3.	Clarification on the wireless handheld and lavalier microphone	DLIR is looking for something similar or compatible with Microflex.
4.	Clarification regarding the OFE cart	DLIR is looking for a way to connect the OFE cart to the proposed sound system. This includes also the camera.
