

ADDENDUM NO. 1

Department of Business, Economic Development, and Tourism
Hawai'i Green Infrastructure Authority

Communications Contractor

Solicitation No. RFP-25-001-HGIA

February 7, 2025

This Addendum No. 1 addresses recent announcements regarding the freeze of federal funds impacting HGIA's Solar for All program.

While the Trump administration's recent actions have led to some concern about the availability of federal funds for the purposes of the RFP-25-001-HGIA Communications Contractor, HGIA is continuing to work on the Solar For All – Hawaii Financing Program implementation, without pause. Pursuant to the court directive, the Environmental Protection Agency now has enabled disbursements of the funds to continue.
