1. SCOPE OF WORK

- a. The CONTRACTOR shall furnish all necessary labor, materials, tools and equipment to provide pest control and treatment services for the Department of Corrections and Rehabilitation, Food Service Units. Scope shall include services for the prevention and control of common pests including, but not limited to, ants, roaches, rodents, and domestic flies.
 - i. ROACH CONTROL PROGRAM
 1. Provide the following services for Cockroaches (e.g. American, Brown-Banded, German, Surinam).
 2. Inspect the FSU facility to locate and record noted Cockroach activity, harborage sites, and conditions conducive to Cockroach activity. Activity and treatment must be documented and printed on the electronic invoice that will be emailed to FSU manager, after every visit.
 3. Provide appropriate targeted product applications according to label into cracks, crevices and voids during regular service visits.
 - b. RODENT PROGRAM
 1. Provide the following services for Rodents (e.g. house mice, roof rats, Norway rats, Polynesian rats).
 2. Inspect the FSU space to identify signs of Rodent activity, possible entry points and conditions conducive to Rodent activity
 3. Exterior Services: Install and maintain Rodent traps and/or Rodent bait stations outside the FSU loading doors, if available, and must be approved. Entire facility perimeter not included.
 4. Interior Services: Install and maintain interior Rodent traps suitable for the facility.
 5. Inspect, clean and date Rodent bait and trapping equipment during regular service visits. Equipment must be approved before installation.
 - c. DOMESTIC FLY PROGRAM

1. Provide the following services for Large Flies (e.g. Blow, Bottle, House, Dung).
2. Inspect the FSU space and identify possible sources and entry points.
3. Interior Services: When determined necessary, provide targeted product applications for likely areas where Large Flies may be found. Install an appropriate number of LED Fly Traps. Glue boards must be replaced monthly. Light bulbs must be replaced annually. Must ensure proper recycling of bulbs.
4. Exterior Services: Provide product targeted product applications in FSU dumpster area and FSU entry points.

d. SANITITATION AND STRUCTURAL RECOMMENDATIONS

- i. Each regular service visit must include sanitation and structural inspection of the covered service zones as listed below:

1. Kitchens
2. Kitchen Storage Areas
3. Prep Areas
4. Serving Kitchens
5. Dining Areas (both Staff & Inmate)
6. Kitchen Restrooms
7. Employee Break Area
8. Kitchen Loading Area
9. Slop/Food Waste Area

- ii. Exclusionary Work

1. Reasonable patches and /or repairs to the facility to prevent entry by rodents and/or pests; and/or in agreement with the IFSM, should it be deemed necessary for the Service Technician to perform.

e. COMMUNICATION AND CUSTOMER SERVICE

1. The CONTRACTOR shall call back within 1(one) hour after service call is placed.
2. The CONTRACTOR shall report to the facility within 24 hours or at a day/time mutually agreed upon by IFSM and Service Technician.
3. The CONTRACTOR should have Emergency Services available 24 hours a day, 7 (seven) days a week, 365 days a year.
4. The CONTRACTOR will provide a detailed service report to the IFSM after each service visit. Service report information to include found pest activity, equipment installation, sanitation and/or structural concerns and recommendations. Service reports must be available electronically online or via email.

- a. Vendor must inform the Food Service Unit Manager of existing sanitation or structural conditions found, which can contribute to Pest activity and infestation.
 - b. Service Notes, findings and recommendations shall be included in the service reports and emailed to the Food Service Unit Manager after each visit.
 - c. The CONTRACTOR will service all facilities at each location for a minimum of (1) one designated day per month, indicated in Attachment B, or as needed.
 - d. The CONTRACTOR shall verify service day with the Institutional Food Service Manager (IFSM) at each facility.
 - e. The CONTRACTOR Customer Service shall be available 24 hours a day, 7 (seven) days a week, and 365 days a year.

- f. The CONTRACTOR shall maintain an onsite logbook at each FOOD SERVICE UNIT. The logbook will contain the UNIT's service history and required safety information, including:
 - 1. Copies of service reports
 - 2. CD or hard copies of product labels and Material Safety Data Sheets (MSDS).
 - 3. Printed material or forms required by applicable Federal, State, and local regulations.
 - 4. Other relevant information concerning the services provided in the FOOD SERVICE UNIT.

- g. The CONTRACTOR shall have the capability of bar-code scanning should it be requested. Pest Control equipment placement must include a bar-code. Each bar-code will identify the type of device, device number and location. During regular service visits, the bar-code will be scanned and data collected concerning conditions contributing to Covered Pest activity, approximate numbers and types of Covered Pests, equipment status and date and time of service. Bar-coding may not be required, however, IF requested, the vendor must have the capabilities for this service.
 - 1. If bar-coding is requested, vendor must provide quarterly trend analysis for all properties and must be available upon customer's request. Reports will document program improvements, identify areas in need of improvement and provide data for proactive decision-making.

- h. The CONTRACTOR and IFSM will conduct periodic reviews of the pest management program to ensure the facility's needs are appropriately addressed.

- i. Service should be performed during normal working days, State holidays excluded. The CONTRACTOR shall make prior arrangements with and inform IFSM upon arrival so personnel can be present to verify service. Holidays are listed below for reference.
