Honolulu, Hawai'i

ADDENDUM NO. 1

TO

All Terrain Vehicles (ATV) for Various Islands  
DOASW17

April 20, 2026

The items listed hereinafter are hereby made a part of the contract for the above project and shall govern the work, taking precedence over previously issued plans and specifications governing the items mentioned.

**Approved Products**

The following product(s) are verified to meet the minimum specifications:

2026 Can-Am Defender Max XT Cab HD11

**Questions:**

Q: The manufacturer's warranty does not cover transportation costs to return the unit to the dealership for warranty repairs (from neighbor islands). Page S-4, Section B of the bid requires full warranty coverage. Due to the unknown and potentially variable cost of transporting units from their operating location to our service facilities, we are unable to guarantee full coverage as specified.

Would it be possible to amend this requirement to reflect the standard limited manufacturer's warranty?

A: The bidder is not expected to cover transportation costs for warranty repairs from neighbor islands outside of O'ahu.
