

State of Hawai‘i
DEPARTMENT OF AGRICULTURE & BIOSECURITY
1428 South King Street
Honolulu, Hawai‘i

ADDENDUM NO. 1

TO

JOB NO. DOAM10
MOLOKAI IRRIGATION SYSTEM IMPROVEMENTS – WELL NOS. 5 AND 6
MOLOKAI, HAWAII

April 24, 2026

The items listed hereinafter are hereby made a part of the contract for the above project and shall govern the work, taking precedence over previously issued plans and specifications governing the items mentioned.

PROPOSAL

1. Delete the Proposal, pages P-1 to P-12, in their entirety and replace with the attached Proposal Addendum No. 1.

APPROVED EQUAL / SUBSTITUTION REQUESTS

Spec Section	Product	Specified Brand	Requested Substitution	Approved / Rejected
43 23 73	Vertical Lineshaft Deep Well Pumps	Fairbanks/Floway/ Flowise/Goulds	NPC J11LC	Approved, see review comments
43 23 73	Vertical Lineshaft Deep Well Pumps	Fairbanks/Floway/ Flowise/Goulds	NPC J11MC	Approved, see review comments

Review Comments

The following are review comments in response to the requested substitution. Final approval of any approved substitution is subject to the review of the required submittals in the construction phase of the project.

- No exception taken to neoprene bearings with bronze bearing retainers in lieu of specified ThorPlas-White encapsulated in bronze bearing retainers.
- Bowl, column, and discharge head assembly shall be provided with a zinc-epoxy-polyurethane coating as specified in lieu of proposed enamel.

OTHER

1. Pre-bid meeting notes attached.
2. See Q&A section on Hiepro.

Note: Bidders, acknowledge receipt of the addendums on the proposal.

PROPOSAL

FOR

State of Hawaii
DEPARTMENT OF AGRICULTURE & BIOSECURITY
AGRICULTURAL RESOURCE MANAGEMENT DIVISION

JOB NO. DOAM10
MOLOKAI IRRIGATION SYSTEM IMPROVEMENTS – WELL NOS. 5 AND 6
MOLOKAI, HAWAII

_____, 2026

Chief Engineer
Agricultural Resource Management Division
Department of Agriculture & Biosecurity
State of Hawaii
Honolulu, Hawaii

Dear Sir:

The undersigned, having carefully examined the local conditions and all available records and information covering conditions which may affect the cost of the work to be performed, and having carefully examined the Plans and Specifications, and other contract documents, hereby proposes to furnish and pay for all materials, tools, equipment, labor, and other incidental work necessary to construct improvements for the Molokai Irrigation System Improvements – Well Nos. 5 and 6 project, and related work as required or called for in this Proposal, all according to the true intent and meaning of the Notice to Bidders, Information and Instructions to Bidders, Proposal, Detailed Specifications, Interim General Conditions, Plans, and any and all addenda for:

JOB NO. DOAM10
MOLOKAI IRRIGATION SYSTEM IMPROVEMENTS – WELL NOS. 5 AND 6
MOLOKAI, HAWAII

on file in the office of the Agricultural Resource Management Division for the TOTAL BASE BID (Items 1 to 9) of:

Dollars (\$ _____)

and will fully complete all work under this contract within 450 consecutive calendar days from the date of written notice to proceed, including date of said order, and total sum being itemized on the following pages.

PROPOSAL

MOLOKAI IRRIGATION SYSTEM IMPROVEMENTS – WELL NOS. 5 AND 6

Item No.	Quantity	Unit	Description	Unit Price	Total	
<u>BASE BID – WELL NO. 5</u>						
1.	1	LS	Mobilization, (not to exceed 6% of Base Bid total, excluding bid price for mobilization, allowance items; cost of demobilization shall be considered incidental to mobilization cost), per Section 01 15 00.	Lump Sum	\$	
2.	1	LS	Pre- and post-construction surveys, per Section 01 45 21.	Lump Sum	\$	
3.	1	LS	Erosion, sedimentation, and dust control, per Section 31 35 00.	Lump Sum	\$	
4.	1	LS	Well No. 5 well depth measurement and pre-rehabilitation and post-rehabilitation inspections and surveys, per Sections 13 10 00 and 13 20 00.	Lump Sum	\$	
5.		Vertical feet	Well No. 5 well fill removal, per Section 13 10 00.	Cost per vertical feet: \$ _____	*Allowance \$ 20,000	
6.	1	LS	Well No. 5 rehabilitation, per Section 13 30 00.	Lump Sum	\$	
7.	1	LS	Well No. 5 mechanical improvements, including demolition and removal of hoist frame, pump, piping, fittings, valves, supports, coating systems, testing, and all other incidentals, in place complete.	Lump Sum	\$	
8.	1	LS	Well No. 5 electrical improvements, including demolition, instrumentation, local disconnect switch, conduit, junction boxes, wire between Well No. 5 and Surface Water Pump Building, testing, and all other incidentals, in place complete.	Lump Sum	\$	
9.	1	LS	Performance and operational testing of Well No. 5, per Section 01 45 20; commissioning of Well No. 5, per Section 01 91 00.	Lump Sum	\$	
			TOTAL – BASE BID (ITEMS 1 TO 9)			\$
<u>ADDITIVE ALTERNATE 1 – HANDHOLE REPAIR</u>						
10.	1	LS	Handhole repair (south of Surface Water Pump Building), including backfill over existing ductbank concrete, cover replacement, interior handhole cleaning (removal of debris/soil), and handhole structural repair, in place complete.	Lump Sum	\$	
			TOTAL – ADDITIVE ALTERNATE 1 (ITEM 10)			\$

Item No.	Quantity	Unit	Description	Unit Price	Total
<u>ADDITIVE ALTERNATE 2 – WELL NO. 6</u>					
11.	1	LS	Additional mobilization, (not to exceed 6% of Additive Alternative 2 total, excluding bid price for mobilization, allowance items; cost of demobilization shall be considered incidental to mobilization cost), per Section 01 15 00.	Lump Sum	\$
12.	1	LS	Additional pre- and post-construction surveys, per Section 01 45 21.	Lump Sum	\$
13.	1	LS	Additional erosion, sedimentation, and dust control, per Section 31 35 00.	Lump Sum	\$
14.	1	LS	Well No. 6 mechanical improvements, including demolition, pump, piping, fittings, valves, supports, coating systems, testing, and all other incidentals, in place complete.	Lump Sum	\$
15.	1	LS	Well No. 6 electrical improvements, including demolition, instrumentation, local disconnect switch, conduits, junction boxes, wire between Well No. 6 and Surface Water Pump Building, testing, and all other incidentals, in place complete.	Lump Sum	\$
16.	1	LS	Performance and operational testing of Well No. 6, per Section 01 45 20; commissioning of Well No. 6, per Section 01 91 00.	Lump Sum	\$
			TOTAL – ADDITIVE ALTERNATE 2 (ITEMS 11 TO 16)		\$
<u>ADDITIVE ALTERNATE 3 – WELL NO. 6 REHABILITATION</u>					
17.	1	LS	Well No. 6 well depth measurement and pre-rehabilitation and post-rehabilitation inspections and surveys, per Sections 13 10 00 and 13 20 00.	Lump Sum	\$
18.		Vertical feet	Well No. 6 well fill removal, per Section 13 10 00.	Cost per vertical feet: \$ _____ *Allowance	\$ 20,000
19.	1	LS	Well No. 6 rehabilitation, per Section 13 30 00.	Lump Sum	\$
			TOTAL – ADDITIVE ALTERNATE 3 (ITEMS 17 TO 19)		\$
<u>ADDITIVE ALTERNATE 4 – SLOPE REPAIR</u>					
20.			Slope repair as directed by the Officer-in-Charge	*Allowance	\$ 200,000
			TOTAL – ADDITIVE ALTERNATE 4 (ITEM 20)		\$ 200,000

RECAPITULATION

TOTAL ADDITIVE ALTERNATE 4 (ITEM 20) \$ _____
TOTAL SUM BID (ITEMS 1 - 20) \$ _____

*Use of and payment for this item authorized only when written approval for its use is given. Any unused Allowance monies shall remain with the State upon completion of the project. Contractor shall not make a claim in the event the State chooses to delete any Allowance monies from the Contract.

RECYCLED PRODUCTS PREFERENCE

This project allows a 10% price preference for recycled products in accordance with HRS 103D-1005. Please indicate your recycled or non-recycled product by indicating its cost FOB jobsite unloaded in the schedule below, including applicable General Excise & Use Taxes.

<u>DESCRIPTION</u>	<u>RECYCLED PRODUCT COST</u>	<u>NONRECYCLED PRODUCT COST</u>
_____	\$ _____	\$ _____
_____	\$ _____	\$ _____
_____	\$ _____	\$ _____
_____	\$ _____	\$ _____

The bidder requesting a recycled product preference shall also complete and submit the form "CERTIFICATION OF RECYCLED CONTENT" as shown in the Interim General Conditions and provide all supporting information with this proposal. Additional information may be requested to qualify a product.

The following definitions are applicable to the CERTIFICATION OF RECYCLED CONTENT form:

"Post-consumer recovered material" means any product used by a consumer, including a business that purchases the material, that has served its intended end use, and that has been separated or diverted from the solid waste stream for the purpose of use, reuse, or recycling.

"Product" includes materials, manufactures, supplies, merchandise, goods, wares, and foodstuffs.

"Recovered material" means waste material and by-products that have been separated, diverted, or removed from the solid waste stream after a manufacturing process for the purpose of use, reuse, or recycling. Recovered material does not include those materials and by-products that are generated and normally reused on-site or within original manufacturing processes (such as mill broke, in the case of paper products).

"Recycled content" means the percentage of a product composed of recovered material, or postconsumer recovered material, or both.

"Recycled product" means a product containing recovered material, or post-consumer recovered material, or both.

The bidder agrees that preference for recycled products shall be taken into consideration to determine the low bidder in accordance with said Section and the rules promulgated, however, the award of contract will be in the amount of the bid offered exclusive any preference.

APPRENTICESHIP AGREEMENT PREFERENCE

1. If applicable to this project, any bidder seeking the preference must be a party to an apprenticeship agreement registered with the State Department of Labor and Industrial Relations (DLIR) at the time the bid is submitted for each apprenticeable trade the bidder will employ to construct the project. “Employ” means the employment of a person in an employer-employee relationship.
 - a. The apprenticeship agreement shall be registered with the DLIR and conform to the requirements of Hawaii Revised Statutes Chapter 372.
 - b. Subcontractors do not have to be a party to an apprenticeship agreement for the bidder to obtain preference.
 - c. The bidder is not required to have apprentices in its employ at the time the bid is submitted to qualify for the preference.

2. A bidder seeking the preference must state the apprenticeable trade the bidder will employ for each trade to be employed to perform the work by submitting a completed signed original Certification Form 1 verifying participation in an apprenticeship program registered with DLIR. “Apprenticeable trade” shall have the same meaning as “apprenticeable occupation” pursuant to Hawaii Administrative Rules (HAR) §12-30-5.
 - a. The Certification Form 1 shall be authorized by an apprenticeship sponsor listed on the DLIR list of registered apprenticeship programs. “Sponsor” means an operator of an apprenticeship program and in whose name the program is approved and registered with the DLIR pursuant to HAR §12-30-1.
 - b. The authorization shall be an original signature by an authorized official of the apprenticeship sponsor.
 - c. The completed signed original Certification Form 1 for each trade must be submitted with the bid. Previous certifications shall not apply.
 - d. When filling out the Certification Form 1, the name of Apprenticeable Trade and Apprenticeship Sponsor must be the same as recorded in the List of Construction Trades in Registered Apprenticeship Programs that is posted on the DLIR website. “Registered apprenticeship program” means a construction trade program approved by the DLIR pursuant to HAR §12-301 and §12-30-4.
 - e. The Certificate Form 1 and the List of Construction Trades in Registered Apprenticeship Programs is available on the DLIR website at: <http://hawaii.gov/labor/wdd>.

3. Upon receiving the Certification Form 1, the Procurement Officer will verify that the apprenticeship program is on the List of Construction Trades in Registered Apprenticeship Programs and that the form is signed by an authorized official of the Apprenticeship Program Sponsor. If the programs and signature are not confirmed by the DLIR, the bidder will not qualify for the preference.

4. If the bidder is certified to participate in an apprenticeship program for each trade which will be employed by the bidder for the project, a preference will be applied to decrease the bidder's bid amount by five percent (5%) for evaluation purposes.
5. Should the bidder qualify for other preferences (e.g. Hawaii Products), all applicable preferences shall be applied to the bid price.

CONTRIBUTIONS BY STATE AND COUNTY CONTRACTORS PROHIBITED

Contractors are hereby notified of the applicability of Section 11-355, HRS, which states that campaign contributions are prohibited from specified State or county government contractors during the term of the contract if the contractors are paid with funds appropriated by a legislative body.

CONDITION OF AWARD

It is understood that the award of the contract will be made on the basis of the lowest responsible total Base Bid (Items 1 to 9) selected by the Department of Agriculture & Biosecurity. Write the total of Bid Items 1 to 9 on page P-3.

In the event the low bid is below the available funds certified by the appropriate fiscal officer, the head of the purchasing agency responsible for the procurement in question is authorized to award Additives to the lowest bidder. The award of Additives may be in any order or combination such that the Base Bid plus Additives do not exceed the available funds.

It is understood and agreed that the Department of Agriculture & Biosecurity reserves the right to reject any and/or all bids and waive any defects when, in DAB's opinion, such rejection or waiver will be for the best interest of the State of Hawaii.

In the event all bids exceed available funds certified by the appropriate fiscal officer, the head of the purchasing agency responsible for the procurement in question is authorized in situations where time or economic considerations preclude resolicitation of work of a reduced scope to negotiate an adjustment of the bid price, including changes in the bid requirements, with the low responsible and responsive bidder, in order to bring the bid within the amount of available funds. It is understood and agreed upon that the head of the purchasing agency may delete a portion or all of any item(s) in the proposal at the stated unit or lump sum price as necessary to stay within the available funding. The bidder is responsible to make an earnest effort to represent the actual cost of each item, including all materials, labor, equipment, overhead and profit in their bid proposal to preclude claims of anticipated profit or loss of profit because of an unbalanced bid proposal.

It is also understood that if a mutually agreeable cost for the reduced scope of work necessitated by a lack of available funds cannot be agreed upon between the bidder and the head of the purchasing agency within 14 calendar days after the bid opening, then the bid may be rejected in the best interest of the purchasing agency, and the head of the purchasing agency may negotiate in progressive order (lowest to highest) with the next lowest responsible and responsive bidder.

It is also understood and agreed that the award of the contract shall be conditioned upon funds being made available for this project and further upon the right of the Department of Agriculture & Biosecurity to hold all bids received for a period of sixty (60) days from the date of the opening thereof, unless otherwise required by law, during which time no bid may be withdrawn.

It is also understood that Notice to Proceed may be delayed up to one (1) year after the bid opening date, and that no additional compensation will be provided for any claim for escalation or delay for issuance of Notice to Proceed on or before that date.

It is also understood and agreed that the quantities given herewith are approximate only and are subject to increase or decrease, and that the undersigned will perform all quantities of work as either increased or decreased, in accordance with the provisions of the Contract Specifications.

It is also understood and agreed that the estimated quantities shown for the items for which a UNIT PRICE is asked in this Proposal are only for the purpose of comparing on a uniform basis, bids offered for the work under this contract, and the undersigned agrees that he is satisfied with and will at no time, dispute said estimated quantities as a means of claims for anticipated profit or loss of profit, because of a difference between the quantities of the various classes of work done or the materials and equipment installed, and the said estimated quantities. On UNIT PRICE bids, payment will be made only for the actual number of units incorporated into the finished project at the contract UNIT PRICE.

After the proposals are opened and read, the figures will be extended and/or totaled in accordance with the bid prices of the acceptable proposals and the totals will be compared. In the comparison of bids, words written in the proposal shall govern over figures and unit prices will govern over totals. Until the award of the contract, however, the right will be reserved to reject any and all proposals and to waive any defects or technicalities as may be deemed best for the interest of the State.

It is also understood and agreed that liquidated damages in the amount of FIVE HUNDRED and No/100 Dollars (\$500.00) for each and every calendar day in excess thereof prior to completion of the contract shall be withheld from payments due to the Contractor.

It is also understood and agreed that if this bid is accepted, the successful bidder must enter into and execute a contract with the Department of Agriculture & Biosecurity and furnish a Performance and Payment Bond, as required by law. These bonds shall conform to provisions of Section 103D-324 and 325, Hawaii Revised Statutes and any law applicable hereto.

It is also understood and agreed that the successful bidder will provide all necessary labor, materials, tools, equipment, and other incidentals necessary to do all the work and furnish all the materials specified in the contract in the manner and time herein prescribed, and according to the requirements of the Engineer as therein set forth.

It is understood that by submitting this proposal, the undersigned is declaring that his firm has not been assisted or represented on this matter by an individual who has, in a State capacity, been involved in the subject matter of this contract in the past two years.

It is understood that by submitting this proposal in accordance with HAR 3-122-192, the undersigned is declaring that the price submitted is independently arrived without collusion.

It is also understood that by submitting this proposal, a Certification for Safety and Health Programs for bids in excess of \$100,000 (in accordance with HRS 396-18), the undersigned certifies that his organization will have a written safety and health plan for this project that will be available and implemented by the Notice to Proceed date of this project. Details of the requirements of this plan may be obtained from the Department of Labor and Industrial Relations, Occupational, Safety and Health Division (HIOSH).

It is further understood and agreed that the successful bidder shall comply with paragraph 3.1.a "SUBCONTRACTING" of the General Provisions which requires that the contractor shall perform with his own organization and with the assistance of workmen under his immediate superintendence, work of a value not less than twenty percent (20%) of the value of all work embraced in the Contract, except that certain contract items of work, if specifically referred to in the special provisions, will be exempted from said twenty percent requirement.

Compliance with §103-310 HRS. As a condition of award all bidders shall comply with all laws governing entities doing business in the State, including Chapter 237 HRS (general excise tax); Chapter 383 HRS (employment security – unemployment insurance); Chapter 386 HRS (workers compensation); Chapter 392 HRS (temporary disability insurance); and Chapter 393 HRS (pre-paid health care), and shall produce all documents to the State (DLNR, Engineering Division) required to demonstrate compliance with these subsections. Any bidder making a false affirmation or certification under this subsection shall be suspended and may be debarred from further offerings or awards pursuant to §103D-702 HRS.

RECEIPT OF ADDENDA

The bidder also acknowledges receipt of any and all addenda issued by the Engineering Division, by recording the date of receipt of the respective addenda in the space provided below:

<u>Addendum</u>	<u>Date Received</u>	<u>Addendum</u>	<u>Date Received</u>
No. 1	_____	No. 5	_____
No. 2	_____	No. 6	_____
No. 3	_____	No. 7	_____
No. 4	_____	No. 8	_____

It is understood that failure to receive any such addendum shall not relieve the Contractor from any obligation under this Proposal as submitted.

It is also understood and agreed that if this Proposal is accepted and the undersigned should fail or neglect to contract as aforesaid, the State may determine that the bidder has abandoned the Contract, and thereupon, forfeiture of the security accompanying his proposal shall operate and the same shall become the property of the State.

JOINT CONTRACTORS OR SUBCONTRACTORS TO BE ENGAGED ON THIS PROJECT

The Bidder agrees that the following is a complete listing of all joint contractors or subcontractors covered under Chapter 444, Hawaii Revised Statutes (HRS), who will be engaged by the Bidder on this project to perform the required work indicated pursuant to Section 103D-302, HRS. It is the sole responsibility of the contractor to review the requirements of this Project and determine the appropriate licenses that are required to complete the Project. The Bidder certifies that the completed listing of joint contractors or subcontractors fulfills the requirements for the project and the Bidder, together with the listed subcontractors or joint contractors have all the specialty contractor’s licenses to complete the work, except as provided for in HRS §103D-302(b). Failure of the Bidder to comply with this requirement may be just cause for rejection of the bid.

“A” General Engineering Contractors and “B” General Building Contractors are reminded that due to the Hawaii Supreme Court’s January 28, 2002 decision in Okada Trucking Co., Ltd. v. Board of Water Supply, et al., 97 Haw. 450 (2002), they are prohibited from undertaking any work, solely or as part of a larger project, which would require the general contractor to act as a specialty contractor in any area in which the general contractor has no license. Although the “A” and “B” contractor may still bid on and act as the “prime” contractor on an “A” or “B” project (See, HRS §444-7 for the definitions of an “A” and “B” project.), respectively, the “A” and “B” contractor may only perform work in the areas in which they have the appropriate contractor’s license (*An “A” or “B” contractor obtains “C” specialty contractor’s licenses either on its own, or automatically under HAR § 16-7732*). The remaining work must be performed by appropriately licensed entities.

General Engineering “A” Contractors automatically have these “C” specialty contractor’s licenses: C-3, C-9, C-10, C-17, C-24, C-31a, C-32, C-35, C-37a, C-37b, C-38, C-43, C-49, C-56, C-57a, C-57b and C-61.

General Building “B” Contractors automatically have these “C” specialty contractor’s licenses: C-5, C-6, C-10, C-12, C-24, C-25, C-31a, C-32a, C-42a and C-42b.

 - 2. Legal Tender (*2))
 - 3. Cashier's Check (*3))
 - 4. Certificate of Deposit (*3)) in the
 - 5. Certified Check (*3)) amount
 - 6. Official Check (*3)) of
 - 7. Share Certificate (*3))
 - 8. Teller's Check (*3))
 - 9. Treasurer's Check (*3))
- (Cross Out Those Not Applicable)

Dollars (\$ _____)

as required by law.

Respectfully submitted,

Name of Company, Joint Venture
or Partnership

Contractor's License No.

By _____
Signature (*4)

Title _____

Print Name _____

Date _____

Address _____

Telephone No. _____

E-Mail Address _____

NOTES:

1. Surety bond underwritten by a company licensed to issue bonds in this State;
2. Legal tender; or
3. A certificate of deposit; share certificate; or cashier's, treasurer's, teller's, or official check drawn by, or a certified check accepted by, and payable on demand to the State by a bank, a savings institution, or credit union insured by the Federal Deposit Insurance Corporation or the National Credit Union Administration.
 - A. These instruments may be utilized only to a maximum of \$100,000.
 - B. If the required security or bond amount totals over \$100,000, more than one instrument not exceeding \$100,000 each and issued by different financial institutions shall be accepted.
4. Please attach to this page evidence of the authority of this officer to submit bids on behalf of the Company and also the names and residence addresses of all officers of the Company.
5. Fill in all blank spaces with information asked for or bid may be invalidated. PROPOSAL MUST BE INTACT, MISSING PAGES MAY INVALIDATE YOUR BID.

END OF PROPOSAL

Molokai Irrigation System Improvements

Wells 5 and 6

Pre-Bid Conference – Minutes

1. Date: March 12, 2026; 2:00 P.M.
2. Attendees:
 - i. Bryce Yoshimori – Dept. of Agriculture & Biosecurity (DAB)
 - ii. Garrett Leong – Brown and Caldwell (design consultant)
 - iii. Camilia Femenias – Brown and Caldwell
 - iv. Bryan Kawamura – Brown and Caldwell
 - v. Eric Arakawa – The Limtiaco Consulting Group (construction manager)
 - vi. Aaron Katagihara - The Limtiaco Consulting Group
 - vii. Scott Lai - The Limtiaco Consulting Group
 - viii. Sam Snodgrass – Liqua Flow Pump
 - ix. Keola Talaroc - Alpha Inc.
3. Job Location Waikolu Valley, Molokai
4. Scope (See bid package for exact requirements):
 - i. Base bid – replace Pump #5 and associated valves and controls
 - ii. Additive alt #1 – Handhole repair
 - iii. Additive alt #2 – replace Pump #6 and associated valves and controls
5. Details to note:
 - iv. Access to valley is difficult
 - v. Work during the wet season (winter) may be hindered by weather
 - vi. YouTube video tour available; search: History and Status of the Moloka'i Irrigation System. The video is to be considered general and not project specific.
6. Questions:
 - vii. Questions can be submitted on HiePro
 - viii. Questions asked during this meeting will be posted on HiePro also.
 - ix. Any verbal answers given here or at the site visit are not official unless it is posted on HiePro or issued as an addendum
 - x. Question: What are the lengths of the pumps?
Answer: Well 5: 252 ft; Well 6: 202 ft. (refer to the plans.)
 - xi. Q: Is there any other way to get to the valley other than the tunnel?
A: Helicopter is an option.

7. Construction Duration: 450 calendar days

8. Liquidated Damages: \$500/ calendar day

9. Schedule:*

* Note: Dates were changed since this meeting was held.

- i. March 4 – project released for bidding
- ii. March 12 – pre-bid conference
- iii. March 13 – deadline to register for site visit
- iv. March 25 – site visit
- v. March 27, 2:00p – questions due, post questions on HiePro
- vi. April 1 – answers posted
- vii. April 9, 2:00p – bids due

10. Site Visit: March 25, 2026; 9:00 a.m.

- i. Meet at DOA – Hoolehua office, 801 Puupeelua Ave, next to Post Office
- ii. Be prepared to get wet and hike/walk on uneven ground.
- iii. Seats on the ATV are limited.
- iv. Keola Talaroc confirmed that he wants to attend the site visit.

11. Photos of site conditions and access to the valley
