

Scope of Work: Firebreak Maintenance Kokee Road and Waimea Canyon Drive

Vendor must provide insurance to state requirements.

No bond requirement

Scope of Work

To maintain two firebreaks along Public Hunting Unit L located in Kekaha, Kauai. One fire break is approximately 2 miles long and runs along the East side of Kokee Road (going up it will be on your right). The other is also approximately 2 miles long and runs along the West side of Waimea Canyon Drive (going up it will be on your left). See the attached map for locations.

Job Specs

Maintain the existing firebreaks by mowing them quarterly. Grass and haole koa after mowing shall not be higher than six inches. Firebreaks are between 50 and 100 feet wide, depending on the area. The Waimea Canyon Drive firebreak is wider than the Kokee Road firebreak.
