SECTION ONE: INTRODUCTION, TERMS AND ACRONYMS, AND KEY DATES

1.1 INTRODUCTION

The Hawai'i Tourism Authority (HTA) is the state agency responsible for representing the Hawaiian Islands around the world and for holistically managing tourism in Hawai'i in a sustainable manner consistent with community desires, economic goals, cultural values, preservation of natural resources, and visitor industry needs.

The HTA was established in 1998 under Chapter 201B, Hawai'i Revised Statutes (HRS). The HTA is administratively attached to the Department of Business, Economic Development and Tourism (DBEDT). The HTA's President and Chief Executive Officer reports directly to the Governor and is responsible for executing the mandates of HRS 201B.

The HTA works with the community and industry to ensure that we live up to Mālama Ku'u Home – caring for our beloved home – by guiding Hawai'i's transition to a regenerative model of tourism. The agency does this through visitor education, brand management, community reinvestment, and collaboration to maximize tourism's economic benefit while mitigating its negative impacts. Partners include visitor industry businesses and organizations, community groups, and government agencies at the county, state, and federal levels.

Representation of the Hawaiian Islands in our primary visitor source markets, known as Major Market Areas (MMAs), is through contracted firms collectively known as our Global Marketing Teams (GMTs). HTA currently engages GMTs in the USA, Canada, Oceania (Australia & Aotearoa-New Zealand), Japan, Korea, China, and Europe markets.

In addition, the HTA creates, manages, and supports the development of unique tourism experiences such as community and cultural festivals, sporting events, natural resources, and community and cultural programs. The HTA also evaluates its programs on their impacts and return on investment (ROI) of public funds. The HTA also directly affects the visitor experience through its support of workforce development, visitor assistance programs, the integration of community and residents' considerations, and a deep respect for Native Hawaiian culture.

The 2020 – 2025 HTA Strategic Plan frames our work with four interacting pillars: Hawaiian Culture, Natural Resources, Community, and Branding. Emphasis on the three pillars that support and uphold the integrity of Hawai'i as our home is critical to maintaining the Hawaiian Islands brand globally. The 2020 – 2025 HTA Strategic Plan also adopted four Key Performance Indicators (KPIs) that the agency and its Contractors are responsible for advancing:

- **Resident Sentiment:** Improved resident sentiment toward tourism as measured in the Resident Sentiment Survey.
- **Visitor Satisfaction:** Improved perspective/returning visitor satisfaction with visiting Hawai'i as measured by the Visitor Satisfaction Survey.
- **Average Daily Visitor Spending:** The average dollars spent by visitors.
- **Total Visitor Expenditures:** The U.S. dollar amount spent in Hawai'i attributed to visitors. Includes direct spending by visitors while in Hawai'i as well as any prepaid package purchased before arrival.

In 2021, HTA embarked on a statewide, island-by-island, community outreach process guided by diverse stakeholder steering committees to create individual Destination Management Action Plans (DMAPs) to recover and rebuild tourism to benefit our islands' communities and address community concerns. The DMAPs include specific actions and sub-actions that the agency and its partners are working to address.

The HTA Strategic Plan pillars, priorities and KPIs, DMAP priorities and actions, and the HTA board’s commitment to the Aloha+ Challenge and the ‘Āina Aloha Economic Futures Declaration are considered when designing and implementing all HTA programs and activities.

3.2 PROPOSAL SUBMISSION

3.2.1 OFFEROR'S AUTHORITY TO SUBMIT AN OFFER

The State will not participate in determinations regarding an Offeror's authority to sell a product or service. If there is a question or doubt regarding an Offeror's right or ability to obtain and sell a product or service, the Offeror must resolve that question prior to submitting a proposal.

3.2.2 REQUIRED REVIEW

Before submitting a proposal, each Offeror must thoroughly and carefully examine this RFP, any attachments, addenda, and other relevant documents to ensure the Offeror understands the requirements of the RFP. The Offeror must also become familiar with State, local, and Federal laws, statutes, ordinances, rules, and regulations that may in any manner affect the cost, progress, or performance of the work required.

Should the Offeror find defects and questionable or objectionable items in the RFP, the Offeror must notify HTA in writing prior to the deadline for written questions as stated in Section 1.4 RFP Schedule and Significant Dates, as may be amended. This will allow the issuance of any necessary corrections and/or amendments to the RFP by addendum and mitigate reliance on a defective solicitation and distribution of proposal(s) upon which award could not be made.

3.2.3 PROPOSAL PREPARATION COSTS

Any and all costs incurred by the Offeror in preparing or submitting a proposal shall be the Offeror's sole responsibility whether or not any award results from this RFP. The State shall not reimburse such costs.

3.2.4 TAX LIABILITY

Work to be performed under this solicitation is a business activity taxable under HRS Chapter 237 and, if applicable, taxable under HRS Chapter 238. Contractor is advised that it is liable for the Hawai'i General Excise Tax (GET). If, however, an Offeror is a person exempt by the HRS from paying the GET and therefore not liable for the taxes on this

solicitation, Offeror must state its tax-exempt status and cite the HRS chapter or section allowing the exemption.

Federal I.D. Number and Hawai'i General Excise Tax License I.D. Offeror must submit its current Federal I.D. number and Hawai'i General Excise Tax License I.D. number in the space provided on the Proposal Transmittal Letter, thereby attesting that the Offeror is doing business in the State and that Offeror will pay such taxes on all sales made in the State.

3.2.5 PROPERTY OF STATE

All proposals become the property of the State of Hawai'i.

3.2.6 CONFIDENTIAL INFORMATION

All government records are open to the public unless access is restricted by law. Identification of confidential information shall be the sole responsibility of the offeror.

The Uniform Information Practices Act requires an agency to make a government record available for inspection and copying unless the agency can show that an exception to disclosure under Chapter 92F-13, HRS, authorizes the agency to restrict or deny access to that record.

All Offerors are advised that confidential information in a proposal, offer, specification, protest, or correspondence may be subject to disclosure. The State may only restrict or deny access to items deemed confidential pursuant to Chapter 92F, HRS. Any data submitted to the State that the Offeror wishes to remain confidential shall be clearly marked and readily separable from the submittal to facilitate eventual public inspection of the non-confidential portion of the submittal. Any page of an offeror's submittal containing confidential information shall only include confidential information. In addition, Offeror shall provide a list of all confidential information referenced in the Offeror's proposal, including page numbers and sections in a separate attachment. See Attachment 7 for details.

If an Offeror believes that any portion of a proposal, offer, specification, protest, or correspondence contains information that should be withheld from disclosure pursuant to § 92F-13 HRS, then the Offeror shall inform the Procurement Manager in writing and provide the Procurement Manager with justification to support the Offeror's confidentiality claim at the time of submittal. Price is not considered confidential and will not be withheld; however, actual costs or pricing information enabling competitors to estimate profit margins and production costs may be marked as confidential. These include selling prices, inventory balances, profit margins, purchase activity, cost of goods, and freight charges.

Pursuant to §3-122-58, HAR, the head of the purchasing agency or designee shall consult with the Attorney General and make a written determination on any request for confidentiality in accordance with Chapter 92F, HRS. If the request for confidentiality is denied, such information shall be disclosed as public information unless the person appeals the denial to the Office of Information Practices in accordance with § 92F-15.5(a), HRS.

3.2.7 EXCEPTIONS

If an Offeror takes exception to any term, condition, specification, or other requirement listed in the RFP, the Offeror shall provide a written statement identifying:

- The specific RFP section to which the exception applies;

- The nature of the exception; and
- Any proposed alternative language or approach.

If no exceptions are taken, the Offeror shall so state in the proposal transmittal or cover letter.

Exceptions shall be considered in the evaluation of proposals. The State reserves the right, in its sole discretion, to determine whether any exception is material and whether the exception: (a) increases risk to the State, (b) inhibits the achievement of the objectives of the RFP, (c) materially alters the requirements of the solicitation; or (d) creates ambiguity or other evaluation concerns that impair the State's ability to conduct a fair and reasonable evaluation process. The State may deem proposal nonresponsive based on the nature or extent of the exceptions taken. See Attachment 02 for details.

3.2.8 SUBMITTAL REQUIREMENTS

ELECTRONIC SUBMITTAL ONLY VIA HIePRO. Proposals shall be submitted and received electronically through HIePRO by the date and time listed in RFP Schedule. This electronically submitted offer shall be considered the original. Any offers received outside the HIePRO, including faxed or e-mailed bids, shall not be accepted or considered for award. Any offer received after the due date and time shall be rejected. **The maximum single file size that HIePRO can accept is 100MB; multiple files may be uploaded.**

Submission of a proposal shall constitute an incontrovertible representation by the Offeror that the Offeror agrees to comply with every requirement of this RFP and that the RFP documents are sufficient in scope and detail to indicate and convey a reasonable understanding of all terms and conditions of performance of the work.

Offerors are advised to carefully read Section 3.1.2 Content List and Section 3.1.3 Content Explanation and submit all documents required for this RFP.

3.2.9 RECEIPT AND REGISTER OF PROPOSALS

Proposals will be received on HIePRO, and the Offeror will receive an email directly from HIePRO confirming receipt of the offer. Once the solicitation closes, all proposals and attachments will be verified by two or more state officials on or after the date and time specified in the procurement timeline or as amended. The register of proposals and proposals of the Offeror(s) shall be open to public inspection upon posting of award and execution of a contract pursuant to HRS §§ 103D-105 and 303 and HAR § 3-122-58.

3.2.10 MODIFICATION PRIOR TO SUBMITTAL DEADLINE OR WITHDRAWAL OF OFFERS

The Offeror may modify or withdraw a proposal before the proposal's due date and time. Any change, addition, deletion of attachment(s), or data entry of an offer must be made prior to the deadline for submittal of proposals.

3.2.11 MISTAKES IN PROPOSALS

Offerors are responsible for reviewing their proposals for accuracy and completeness prior to submission. Any request to correct, modify, or withdraw a proposal based on an alleged mistake shall be submitted in writing to the Procurement Officer and shall be governed by applicable provisions of the Hawaii Administrative Rules, including HAR Chapter 3-122. The Procurement Officer reserves the right to determine whether correction, withdrawal, or other action is permitted pursuant to applicable law and the best interests of the State.

3.2.12 NO LATE SUBMITTALS AFTER DEADLINE

Proposals received after the due date and time will be marked late and shall be ineligible for this solicitation. Any offers received outside of the HiePRO shall not be accepted. No hard copies will be accepted.

3.2.13 OFFER GUARANTY

An offer guaranty or performance bond is NOT required for this RFP.

The evaluation committee shall evaluate and score proposals based on the evaluation criteria set

forth in this RFP. Narrative responses shall be reviewed and scored in accordance with the scoring guidelines established herein.

Price Evaluation Criteria - *

Cost proposals shall be evaluated in accordance with HRS Chapter 103D and applicable provisions of HAR Chapter 3-122. The proposal with the lowest cost factor shall receive the maximum available points allocated to cost. Higher-cost proposals shall receive proportionately lower cost scores using the following formula: $\text{Lowest Proposed Cost} \times \text{Maximum Available Cost Points} \div \text{Offeror's Proposed Cost} = \text{Cost Points Awarded}$

Price Reasonableness and Realism: The State may also evaluate proposed pricing for reasonableness and realism. Price reasonableness may be evaluated to determine whether proposed prices are fair reasonable in relation to the services proposed and current market conditions. Price realism analysis may be conducted to assess whether a proposed price is low as to reflect a lack of understanding of the contract requirements or to create performance risk. Such analysis may be considered in evaluating proposal risk, technical understanding, or the Offeror's responsibility.

4.3 EVALUATION COMMITTEE

The HTA intends to conduct a fair and impartial evaluation of proposals received in response to this RFP. Proposals shall be reviewed and evaluated by an Evaluation Committee in accordance with HRS Chapter 103D, HAR Chapter 3-122, and the requirements of this RFP.

The Procurement Manager designated for this RFP shall serve as the procurement officer responsible for administration of the solicitation process and shall not serve as a voting member of the Evaluation Committee.

In accordance with HAR §3-122-53, proposals may be classified as acceptable, potentially acceptable, or unacceptable based on an initial evaluation of the proposals submitted. Proposals determined to be acceptable or potentially acceptable may be considered for further evaluation, discussions, or inclusion within the competitive range, as determined by the State.

The Evaluation Committee shall consist of at least three (3) qualified State employees or other individuals authorized in accordance with applicable procurement requirements. Proposals shall be evaluated solely in accordance with the evaluation criteria and evaluation process set forth in this RFP.

The identities of Evaluation Committee members shall remain confidential throughout the procurement process to the extent permitted by law. Offerors shall direct all communications regarding this RFP exclusively to the Procurement Manager. Any attempt by an Offeror to improperly contact or influence Evaluation Committee members may result in disqualification of the proposal and any other remedies available to the State under applicable law.

4.4 EVALUATION AND AWARD PROCESS

Proposals shall not be opened or evaluated until after the proposal submission deadline. Late proposals shall be handled in accordance with the requirements of this RFP and applicable procurement laws and rules.

The State reserves the right to award a contract based solely upon initial proposals received, without discussions, pursuant to HAR §3-122-46.

4.4.1 Initial Classification of Proposals:

In accordance with HAR §3-122-53, proposals may be classified as acceptable, potentially acceptable, or unacceptable based upon an initial evaluation of the proposals

submitted. Proposals determined to be unacceptable, nonresponsive, or otherwise nonconforming to the requirements of this RFP may be eliminated from further consideration.

Only responsible Offerors submitting acceptable or potentially acceptable proposals may be considered for inclusion within the competitive range or priority list.

4.4.2 Phase 1 – Evaluation of Written Proposals:

During Phase 1, the Evaluation Committee shall evaluate and score all acceptable and potentially acceptable proposals using the evaluation criteria and scoring methodology set forth in Section 4.2 of this RFP.

Proposals shall be ranked based on combined weighted scores. Following completion of the initial evaluation, the State may establish a competitive range or priority list consisting of the highest-ranked Offerors.

4.4.3 Phase 2 – Discussions and Additional Information:

If determined necessary by the State, Phase 2 may include discussions with priority-listed Offerors and requests for additional information or clarification. Such discussions may include question-and-answer sessions, oral presentations, reference checks, requests for clarification, or submission of best and final offers (BAFOs), as determined appropriate by the State.

The same evaluation criteria and scoring methodology set forth in Section 4.2 may be used during Phase 2. Evaluators may complete revised evaluation score sheets reflecting their overall evaluation of the Offeror, including written proposals, discussions, oral presentations, clarifications, and any additional information submitted.

In the second phase, the Evaluation Committee may conduct discussions with Priority Listed Offerors and request “Additional Information,” which may consist of any combination of question-and-answer sessions, oral presentations, requests for clarification, best and final offers (BAFO), or anything else that the Evaluation Committee may find useful in making a decision. The Evaluation Committee reserves the right to perform reference checks.

The RFP, any addenda issued, and the successful Offeror’s proposal, as accepted by the State, shall become part of the resulting contract. All proposals shall become the property of the State of Hawai‘i.

4.5 IN THE EVENT OF A SCORING TIE

Should a tie in total average score occur, the tied proposals will be compared, and the one with the higher average Proposed Approach score will be ranked higher. If that too is a tie, then the one with the higher average Past Performance & Case Studies score will be ranked higher.

The contract will be awarded to the responsible Offeror whose proposal is determined to be the most advantageous to the State based on the evaluation criteria set forth in Section 4.2 of the RFP.

The Evaluation Committee, based on the aforementioned process, will make a recommendation of award. In the event the State is unsuccessful in negotiating the post-award contract, the HOPA reserves the right to make the award to the next highest-ranked responsible Offeror and engage that responsible Offeror in post-award negotiations leading to an executed contract. The HOPA further asserts that she/he may cancel the RFP if negotiations are unsuccessful in accordance with Hawai‘i Revised Statutes and Hawai‘i Administrative Rules.

SECTION FIVE: CONTRACT AWARD

5.1 AWARD OF CONTRACT

Award will be made to the responsible Offeror whose proposal is determined to be the most advantageous to the State based on the evaluation criteria set forth in the RFP pursuant to HRS §103D-303(g).

5.2 RESPONSIBILITY OF OFFERORS

Offeror is advised that in order to be awarded a Contract under this solicitation, Offeror will be required to be compliant with all laws governing entities doing business in the State, including the following chapters and pursuant to HRS §103D-310(c):

- 1) Chapter 237, General Excise Tax Law
- 2) Chapter 383, Hawai'i Employment Security Law
- 3) Chapter 386, Worker's Compensation Law
- 4) Chapter 392, Temporary Disability Insurance
- 5) Chapter 393, Prepaid Health Care Act
- 6) §103D-310(c), Certificate of Good Standing for entities doing business in the State

If an Offeror is not compliant with the above HRS chapters at the time of award, the Offeror may not receive the award. The State reserves the right to move on to the next responsive, responsible Offeror who is compliant. The State will verify compliance on Hawai'i Compliance Express (HCE). Offerors who do not participate in HCE may submit paper compliance certificates to HTA at the time of award.

Hawai'i Compliance Express. Vendors may use HCE, an electronic system that allows Vendors/Contractors/Service Providers doing business with the State to quickly and easily demonstrate compliance with applicable laws. It is an online system that replaces the necessity of obtaining paper compliance certificates from the Department of Taxation, Federal Internal Revenue Service, Department of Labor and Industrial Relations, and Department of Commerce and Consumer Affairs.

Vendors/Contractors/Service Providers intending to use HCE to demonstrate compliance are encouraged to register with HCE prior to submitting an offer at <https://vendors.ehawaii.gov>. The annual registration fee is \$12.00, and the 'Certificate of Vendor Compliance' is accepted to execute a contract and final payment.

Timely Registration on HCE. Vendors/Contractors/Service Providers are advised to register on HCE as soon as possible. Although not a requirement for submission, if a Vendor/Contractor/Service Provider is not compliant at the time of award, an Offeror may not receive the award.

All certificates must be valid on the date the HTA receives it. Timely application for all applicable clearances is the responsibility of the Offeror.

Upon receipt of compliance documents, the HTA reserves the right to verify their validity with the respective issuing agencies. The Contractor shall maintain their compliance throughout the term of the Contract.

OVERVIEW OF THE RFP PROCESS

1. The RFP is issued pursuant to Subchapter 6 of HAR Chapter 3-122, implementing HRS §103D-303.
2. The procurement process begins with the issuance of the RFP and the formal response to any written questions or inquiries regarding the RFP. Changes to the RFP will be made only by Addendum.

Upon award and contract execution, proposal files are public records available for review by submitting a Request to Access Government Records.

All proposals and other material submitted by Offerors become the property of the State.

3. The Procurement Manager or an Evaluation Committee approved by the Procurement Manager will evaluate the proposals in accordance with the evaluation criteria in Section Four.
4. A "priority list" of responsible Offerors submitting acceptable and potentially acceptable proposals may be generated. The priority list may be limited to a minimum of three responsible Offerors who submitted the highest-ranked proposals. The objective of these discussions is to clarify issues regarding the Offeror's proposal if a BAFO is tendered.
5. If, during discussions, there is a need for any substantial clarification or change in the RFP, the RFP will be amended by an addendum to incorporate such clarification or change. Addenda to the RFP will be distributed only to Priority Listed Offerors who submit acceptable or potentially acceptable proposals.
6. Following any discussions, Priority Listed Offerors will be invited to submit their BAFO, if required. The Procurement Manager and Evaluation Committee reserves the right to have additional discussions with the Priority Listed Offerors prior to the submission of the BAFO.
7. The date and time for Offerors to submit their BAFO, if any, is indicated in Section 1.4 RFP Schedule and Significant Dates. If Offeror does not submit a notice of withdrawal or a BAFO, the Offeror's immediate previous offer will be construed as its BAFO.
8. After receipt and evaluation of the BAFOs in accordance with the evaluation criteria in Section Four, the Procurement Manager or an Evaluation Committee will make its recommendation. The Procurement Manager will award the contract to the Offeror whose proposal is determined to be the most advantageous to the State, taking into consideration price and the evaluation factors set forth in Section Four.
9. The contents of any proposal shall not be disclosed during the review, evaluation, or discussion. Once award notice is posted and contract is executed, all successful and unsuccessful proposals become available for public inspection. The Offeror and the State agree that sections that are confidential and/or proprietary should be identified by the Offerors and excluded from access.

10. The Procurement Manager or an Evaluation Committee reserves the right to determine what is in the best interest of the State for purposes of reviewing and evaluating proposals submitted in response to the RFP. The Procurement Manager or an Evaluation Committee will conduct a comprehensive, fair, and impartial evaluation of proposals received in response to the RFP.
11. The RFP, any addenda issued, and the successful Offeror's proposal shall become a part of the contract. All proposals shall become the property of the State of Hawai'i.

Costs incurred for meetings or conferences, including, but not limited to, costs of food, rental facilities, and transportation, are not allowable except where the primary purpose is the dissemination of technical information or the establishment of specific project policies as a partnering conference.

9. ACCEPTANCE OF OFFER

- a. Acceptance of offer, if any, will be made within one hundred twenty calendar days after the opening of offers, and the prices quoted by the Offeror shall remain firm for the one hundred twenty-day period. Unless otherwise provided, each individual item or group of items will be awarded to the responsive and responsible Offeror whose offer complies with all the solicitation requirements. In determining the responsive and responsible Offeror, offers will be evaluated not only on the amounts thereof, but on all factors relating to the satisfactory performance of the contract. Products or servicing capabilities must be of a quality and nature that will meet the needs and purposes of the intended use and must conform to all requirements prescribed in the specifications. The Offeror must have the ability to perform as called for in the contract terms. The State shall be the sole judge of product or vendor capability. The successful vendor will be notified by letter that the offer has been accepted and that the vendor is being awarded the contract.

- b. If the offer is rejected or if the vendor to whom the contract was awarded fails to enter into the contract and furnish satisfactory security, if applicable, the purchasing agency may, at their discretion, award the contract to the next lowest or remaining responsible Offeror or may publish another call for offers; provided in the case of only one remaining responsible Offeror, the head of a purchasing agency may negotiate with such bidder to reduce the scope of work, if available funds are exceeded, and to award the contract at a price which reflects the reduction in the scope of work.
- c. The head of a purchasing agency further reserves the right to cancel the contract award at any time prior to execution of said contract by all parties, without any liability to the awardee and to any other Offeror.

10. EXECUTION OF CONTRACT

The following subsections shall not apply to any contract in which the total amount payable to the Contractor cannot be accurately estimated at the time the contract is to be awarded:

- a. In cases where the contract award equals or exceeds the dollar level specified in Section 103D-305, HRS, the State shall forward a formal contract to the successful Offeror for execution. The contract shall be signed by the successful vendor and returned, together with a satisfactory contract bond if required, and other supporting documents, within ten days after receipt by the vendor or within such further time as the procurement manager may allow.
- b. No such contract shall be considered binding upon the State until the contract has been fully and properly executed by all the parties thereto and the State Comptroller has, in accordance with Section 103D-309, HRS, endorsed thereon a certificate that there is an appropriation or balance of an appropriation over and above all outstanding contracts, sufficient to cover the amount required by the contract; with the exception of a multi-term contract, whereby, the State Comptroller shall only be required to certify that there is an appropriation or balance of an appropriation over and above all outstanding contracts, that is sufficient to cover the amount required to be paid under the contract during the fiscal year or remaining portion of the fiscal year of each term of the multi-year contract.

Pursuant to the Attorney General's General Conditions (AG-008, as revised), Section 18, in any contract involving not only State but supplemental funds from the Federal government, this section shall be applicable only to that portion of the contract price as is payable out of State. As to the portion of the contract price, as is expressed in the contract to be payable out of Federal funds, the contract shall be construed to be an agreement to pay the portion to the Contractor only out of Federal funds to be received from the Federal government. This subsection shall be liberally construed so as not to hinder or impede the State in contracting for any project involving financial aid from the Federal government.

11. CONTRACT BOND

- a. The requirement for contract performance and payment bonds, if any, shall be stated in the Special Provisions of the solicitation.
- b. When required by the Special Provisions, a performance bond and a payment bond shall be delivered by the Contractor to the State at the same time the executed contract is delivered. Each amount of the performance and payment bonds shall not exceed fifty

percent of the amount of the contract price; provided, for contracts where contract price cannot be determined at the time of award, the amounts of the bonds shall be as stated in the solicitation.

- c. The acceptable performance and payment bonds are the same as the acceptable bid or proposal security deposit specified in the solicitation. If a surety bond is submitted for either the performance or payment bond, in addition to the form prescribed, a power of attorney for the surety's attorney-in-fact executing the bond shall be provided.

12. FAILURE TO EXECUTE CONTRACT

If the Offeror to whom a contract is awarded shall fail or neglect to enter into the contract, and to furnish satisfactory security as required by Section 12 within ten days after such award or within such further time as the procurement manager may allow, the purchasing agency shall pay the amount of Offeror's proposal guaranty, as required in the solicitation, into the State Treasury as a realization of the State. The procurement manager may thereupon award the contract to the next lowest responsible Offeror or may call for new offers, whichever method he may deem is in the best interest of the State.

13. RETURN OF OFFER GUARANTIES

All offer guaranties submitted as required by subchapter 24, chapter 3-122, HAR, shall be retained until the successful Offeror enters into contract and furnishes satisfactory security or if the contract is not awarded or entered into, until the procurement manager's determination is made to cancel the solicitation. At such time, all offer guaranties, except surety bonds, will be returned.

14. PAYMENT

The awarded Contractor shall submit all invoices via email and in accordance with the State's invoicing guidelines pursuant to the Hawai'i State General Conditions attached to and made a part of this RFP. Section 103-10, HRS, provides that the State shall have thirty (30) calendar days after receipt of invoice or satisfactory completion of contract to make payment. For this reason, the State will reject any bid submitted with a condition requiring payment within a shorter period. Further, the State will reject any offer submitted with a condition requiring interest payments greater than that allowed by §103-10, HRS, as amended.

The State will not recognize any requirement established by the Contractor and communicated to the State after award of the contract, which requires payment within a shorter period or interest not in conformance with statute.

15. DELIVERY EXTENSIONS

In the case of contracts for the purchase of goods, the delivery date, or the maximum number of days for delivery will be specified by the State in its solicitation requirements, and all goods must be delivered with the time specified. However, the Contractor will not be held responsible for delay due to fire, flood, riot, labor disturbances, war, shortage of transportation, act of God or other reason beyond his control, provided that he notifies the State of such delay and the reason therefore as soon as practicable after its occurrence and requests extension prior to the specified date of delivery. Requests for extension of time shall be accompanied by documents such as the Contractor's purchase order, manufacturer's acknowledgment, shipping manifest, and any other documents substantiating that the causes

for delay were beyond the control of the Contractor. The State shall be the sole judge of whether such delay is truly beyond the control of the Contractor and whether an extension will be granted. The State reserves the right to terminate the contract or to assess liquidated damages if provided for in the contract, for delays not covered by specific authorized extension.

16. PERSONAL LIABILITY OF PUBLIC OFFICIALS

In carrying out any of the provisions of the contract or in exercising any power or authority granted to them by the contract, there shall be no liability upon the procurement manager or his authorized representatives, either personally or as officials of the State, it being understood that in such matters, they act solely as agents and representatives of the State.

EXHIBIT D
