REFUSE COLLECTION

The Department of Health, State Laboratories Division is requesting a price quotation for refuse collection services for the fiscal year 2017, July 1, 2016 through June 30, 2017. We are requesting services for the following:

1. SCOPE OF WORK

- We are currently using two large 6 cubic yard trash bins. These must be picked up twice a week on nonconsecutive days; preferably on Mondays and Thursdays or Tuesdays and Fridays.
- Vendor must provide their own bins and bins must be equipped with wheels to facilitate proper positioning.
- Trash consists of mainly common office trash, sealed decontaminated autoclaved bags and yard trash. All decontaminated sharps will be disposed of through a separate non-related solicitation.
- The State Laboratories Division is compliant with all waste regulations and will be responsible for any regulatory requirements such as acknowledgment forms and generator's waste profile sheets, etc.
- Please include off-hour emergency telephone numbers.
- After rubbish pick-up, the premises will be left in a clean and tidy condition with the rubbish bins being placed exactly in their previous location.

2. SCHEDULE

The State Laboratories Division building opened in 1995 and operates during the hours of 7:45 A.M. to 4:30 P.M. Monday to Friday and is closed on the weekends and State holidays. Access to the location of the trash bins is from the hours of 6:30 AM to 5 PM.

Please submit your price quotation by Noon on June 23, 2016. Award will be made to the lowest responsive, responsible offer.
