

SECTION 01505 – MOBILIZATION AND DEMOBILIZATION

PART 1 - GENERAL

1.1 GENERAL REQUIREMENTS

Mobilization: Mobilization shall consist of the transporting, assembling, constructing, installing, and making ready for use at the job site, all the equipment, machinery, structures, utilities, materials, labor and incidentals necessary to do the work covered by this contract.

Demobilization: Demobilization shall consist of the dismantling and removal of the above- mentioned equipment, machinery, structures, utilities, materials, and incidentals, and cleaning up of the site to the satisfaction of the Engineer.

PART 2 – PRODUCTS (NOT USED)

PART 3 – EXECUTION

3.1 **GUIDELINES:** If the Contractor utilizes private lands other than the sites provided by the State for mobilization purposes, the provisions of this section shall apply, and the mobilization and demobilization work on said private lands shall be in accordance with the agreement between the Contractor and the land- owner.

Any and all additional mobilization or demobilization costs in excess of the maximum amounts specified in the Proposal shall be included in the appropriate prices bid in the Proposal. The Contractor shall not receive any compensation for mobilization and demobilization in addition to those specified in the Proposal.

All equipment, machinery, buildings, utilities and incidentals mobilized and demobilized under this section shall remain the property of the Contractor.

PART 4 - MEASUREMENT AND PAYMENT

Mobilization and demobilization will not be measured for payment. Payment for completion of work required under this Section, including all labor, materials, tools, equipment and all incidentals necessary to accomplish the work, shall be the lump sum bid for mobilization and demobilization.

END OF SECTION
