SPECIFICATIONS

In addition to detailed equipment specifications herein, the following requirements shall form a part of these specifications:

A. Equipment offered shall include any other standard features not listed but detailed in the manufacturer's brochures and deemed necessary for the proper and safe operation of the equipment.

B. Manufacturer's standard warranty from the date the equipment is placed in service. Full coverage shall include the cost of parts, labor and any other expenses incurred in performing warranty work. Warranty documents shall be delivered with the equipment and shall detail the manufacturer's obligation and warranty.

C. Contractor shall provide two copies of the owner-operator manual and service/repair manual at the time the equipment is delivered. Hard copies are required if available. The electronic version is acceptable provided the electronic version is printable with no material omissions.

D. Equipment shall be completely serviced and in full operational condition upon delivery.

E. Accessory or standard attachments installed on the equipment shall be fully guaranteed by the Contractor against defects resulting from the use of defective or inferior materials or from neglect or defective workmanship or against all design and manufacturing defects. The warranty period shall begin from the date equipment is placed in service and shall be for a minimum period of one (1) year or for the period guaranteed by the manufacturer, whichever is longer except for rust proofing. Warranty documents shall be delivered with the equipment and shall detail the manufacturer's obligation and warranty procedures. The contractor shall replace or repair defective material and/or workmanship at no cost to the State for parts and labor during the warranty period, provided such defects are not due to abuse or negligence on the part of the State.

F. All equipment offered shall meet ANSI and OSHA safety requirements, and any other Federal or State safety requirements. If applicable or when requested, equipment shall bear a label or written documentation indicating approval of safety requirements from a bonafide testing laboratory.

G. **MANUALS/TECHNICAL/SERVICE BULLETINS:** Successful bidder shall furnish a set of factory service Bulletins: manuals containing system description/service procedures; a set of service special manuals, service labor time, control/emission diagnosis manuals, specified parts books. All manuals are to be complete and furnished with the delivery of the electronic. (Electronic format is acceptable).

All technical and service bulletins pertaining to service/repair revisions and identification of new replacement parts from the equipment manufacturer shall be provided by the successful bidder to the Division of Administration-Office Services Section on a timely basis.

4. Certificate of origin;

7. **PAYMENT**

Acceptance of payment for the vehicle delivered will not be made with the inclusion of the required documents and certificates.

Section 103-10, HRS, provides that the State shall have thirty (30) calendar days after receipt of invoice for satisfactory delivery of goods or performance of the services, to make payment in accordance with the Purchase Order. For this reason, the State will reject any bid submitted with a condition requiring payment within a shorter period. Further, the State will reject any bid submitted with a condition requiring interest payments greater than that allowed by §103-10, HRS, as amended.

The State will not recognize any requirement established by the Contractor and communicated to the State after award of the contract that requires payment within a shorter period or interest payment not in conformance with statute.

The State will base payment on invoices submitted by the Contractor for satisfactorily completed delivery of the goods.
