B26003183 Q50228 Pavement Repairs at Kawaihae Harbor

Questions & Answers

Question: 1. Please confirm that asphalt pavement abutting the concrete channel (behind existing fence line) on the South end of the project needs to be replaced. Also, please confirm that the fence fabric and barbed wire along the concrete channel can be removed for the duration of the project.

Answer: This is an IDIQ (Indefinite Delivery, Indefinite Quantity, also known as Open End) project. Actual work to be performed will be determined during “Work Order” formulation. The prices provided will be utilized to determine the price of the work to be performed for that job.

Question: 2. Please confirm the depth that existing concrete and concrete curbs are to be demolished prior to being prepped and paved over.

Answer: This is an IDIQ project. Actual work to be performed will be determined during “Work Order” formulation.

Question: 3. Project Specifications include a section for HMA base course, which is not shown anywhere on the plans. The Plans show 3” aggregate base, and a specification section is not included in the bid documents. Please clarify.

Answer: This is an IDIQ project. Actual work to be performed will be determined during “Work Order” formulation. Depending on the area being repaired, aggregate base may vary. This is to be discussed with the project engineer during work order formulation.

Question: 4. The Contract is expected to be an open-ended type, please provide bid security amount.

Answer: As noted on Page P-3, bid security in the amount of 5% of the total amount bid shall be provided. The total amount is what was provided as the Total Amount for Comparison of Bids.

Question: 5. Will a pre-bid meeting held? Please advise.

Answer: No. A pre-bid meeting will not be held for this solicitation.
