INVITATION FOR BIDS
DHRD IFB NO. 27-02-ASO
ADDENDUM 1

1. Addendum Purpose

Through this Addendum 1, the STATE has amended the IFB to provide additional clarification on the Project Area and to include LAK 12th and 13th floor sketches as Attachment 8.

2. Clarification on Project Area

Areas with a red boundary with "Not Applicable" indicated are not part of the project's scope for carpet tile replacement.

3. 12th and 13th Floor Sketches

A. The sketches are intended to provide a general depiction of the building's layout for visualization purposes, and are not intended to substitute for the responsibility for bidder measurements.

B. In providing Attachment 8, the State does not attest to the accuracy and/or completeness of the sketches. The IFB's subsection 8.0 states that "Bidders are responsible for verifying measurement dimensions necessary to ensure full floor coverage."

C. The sketches were originally used for initial planning of furniture upgrades. Accordingly, all notes on the sketches were intended for the furniture contractor and not for reliance by the carpet tile replacement Bidders. Additionally, the layout of furniture may have subsequently changed.
