Questions and Responses for Solicitation No. B27000724
Port Allen SBH Hurricane Lowell Water System Repair and Lighting
11/13/2026

1. SolarPath would like to submit an equivalent solar lighting solution. Are equivalent solar lighting fixtures accepted for this project?

An alternative solar light assembly may be considered provided the proposed alternate meets all the requirements of the specified solar light assembly, including, but not limited to, the solar light footing, fixture, photovoltaic panels and battery bank.

2. Could you please clarify the anticipated Notice to Proceed date and required performance period date?

The intent is to award this contract immediately after bids are received and provide Notice to Proceed immediately upon execution of a Purchase Order for the work. See the General Information for estimated contract start and and dates.

3. What is the estimated cost of construction?

See Notice to Bidders.
