

**HAWAII STATE PUBLIC LIBRARY SYSTEM  
CARGO VANS SPECIFICATIONS  
IFB 17-01**

**SCOPE OF WORK**

Work shall consist of furnishing and delivering of Eight (8) Cargo Vans to the Hawaii State Public Library System: four (4) for Logistics Support Section (LSS), and four (4) for Electronic Services Support Section (ESSS). Depending on the availability of funds, additional units may be purchased at the offer price.

**GENERAL DESCRIPTION**

**GENERAL SPECIFICATIONS**

In addition to detailed specifications herein, the following requirements shall form a part of these specifications:

- a. Vehicle offered shall include any other standard features not listed but detailed in manufacturer's brochures and deemed necessary for the proper and safe operation of vehicle.
- b. Manufacturer's standard warranty of 36 months or 36,000 miles from the date the vehicle is placed in service whichever occurs first. Full coverage shall include cost of parts, labor and any other expenses incurred in performing warranty work. Warranty documents shall be delivered with the vehicle and shall detail manufacturer's obligation and warranty.
- c. Contractor shall provide a copy of the owner-operator manual and service/repair manual at the time vehicle is delivered.
- d. Vehicle shall include and comply with all Federal Motor Vehicle Safety Standards. Vehicle shall also comply with the Code of Federal Regulations, Title 40, Part 85: Control of Air Pollution from New Motor Vehicles and New Motor Vehicle Engines, Environmental Protection Agency.
- e. Vehicle shall be completely serviced and in full operational condition upon delivery. Contractor will deliver vehicles no later than 120 days following the acceptance of the bid. Prior to shipment, the contractor shall contact Hawaii State Public Library System to coordinate the delivery arrangements.
- f. Accessory equipment installed on the vehicle shall be fully guaranteed by the Contractor against defects resulting from the use of defective or inferior materials or from neglect or against all design and manufacturing defects. Warranty period shall begin from the date equipment is placed in service and shall be for a minimum of one (1) year or for the period guaranteed by the manufacturer, whichever is longer except for aftermarket rust proofing which will be for a minimum five (5) years, unlimited mileage requirement warranty. Warranty documents shall be delivered with the vehicle and shall detail manufacturer's obligation and warranty procedures. Contractor shall replace or repair defective material and/or workmanship at no cost to the State for parts and labor during the warranty period, provided such defects are not due to abuse or negligence on the part of the State.

- g. All equipment offered shall meet ANSI and OSHA safety requirements, and any other Federal or State safety requirements. If applicable or when requested, equipment shall bear a label or written documentation indicating approval of safety requirements from a bonafide testing laboratory.
- h. The Vehicle Purchasing Guide 2010 for light-duty motor vehicles can be found on the Department of Business, Economic Development and Tourism (DBEDT) website: <http://energy.hawaii.gov/energy-efficiency-in-soh/programsachieving-efficiencylead-by-examplevehicle-purchasing-guidelines>.
- i. The following items shall be submitted upon the vehicle's delivery to Hawaii State Public Library System.
  - a. Hawaii Safety Inspection Certificate (in duplicate) and deal;
  - b. Application for Registration of Passenger Carrying Motor vehicle, Form #DF-L-1 (Rev. 1/84) or its latest revision.
  - c. Odometer Certificate;
  - d. Notarized Certificate of Bill of Sale
  - e. Certificate of Weight and Measures (required if factory furnished vehicle weight is unavailable; e.g., vehicles with post-factory modifications or alterations). Certificate must include make, model number, year and vehicle identification number. Verified weight in pounds must be officially machine-stamped; handwritten weight will not be acceptable.

These certificates are essential for the proper registration and licensing of new vehicles. Therefore, acceptance of and payment for the vehicle delivered will not be made without submittal of necessary certificates. The Contractor shall be responsible for registering and licensing of this vehicle; this procedure shall be conducted in the County where the vehicle is delivered. Contractor shall provide temporary license plates to be used during the interim period prior to acquisition of State of Hawaii license plates.
