ADDENDUM A

TO

INVITATION FOR BIDS

No. IFB D20-149

TO

FURNISH AND DELIVER

TWO (2) CAB AND CHASSIS FITTED FLATBED TRUCKS

FOR

THE HAWAII DEPARTMENT OF EDUCATION,

OFFICE OF FACILITIES AND OPERATIONS,

FACILITIES MAINTENANCE BRANCH

The following corrections and changes have been made to the MINIMUM SPECIFICATIONS:

Engine:	2020 or newer EPA certified, 6.6 Liter Minimum. V8 engine Flex-fuel Gasoline or Diesel
Body	12 foot long flat bed, galvanized Steel flatbed body, 3/16" galvanized treadplate flooring, minimum eight (8) rope hooks to secure load. Rope hooks should be factory installed, if this is not feasible submit information in bid documents about where the rope hooks will be installed and what steps will be taken to restore any damaged protective coatings on the truck bed. Include Minimum 28" tall metal stake racks for sides and back of the truck bed, Lift gate (tuck under style with steel treadplate, the lift gate platform should be galvanized steel, Lift gate weight capacity: minimum 2,500lb) installed, after factory rustproofing.
Color Paint:	White high gloss enamel, factory standard on interior and exterior of the cab, black for the flatbed body

This addendum is also issued to respond to the following questions:

Q1: Tires/Wheels – The spare tire cannot be located under the Chassis. It will be shipped loose, as there is no carrier provided by any of the manufacturers on their chassis cabs.

A1: This is acceptable.
