

# HEARTSAVER FIRST AID CPR AED STUDENT WORKBOOK EQUAL OR BETTER

Quantity: 375 each

The Heartsaver First Aid CPR AED Student Workbook has all the information a student needs to successfully complete the Heartsaver First Aid CPR AED Course for both the Heartsaver and Heartsaver Total courses. The text is designed for a single user. It is a valuable reference tool before, during and after the course.

- The text reflects the latest science and education from the 2020 AHA Guidelines for CPR and Emergency Cardiovascular Care (ECC).
- Students are provided the highest quality training in lifesaving skills of first aid, CPR and use of the AED.
- Helps students to act with confidence at work, home or in a community emergency.

## HEARTSAVER FIRST AID CPR AED DVD SET, EQUAL OR BETTER

Quantity: 24 each

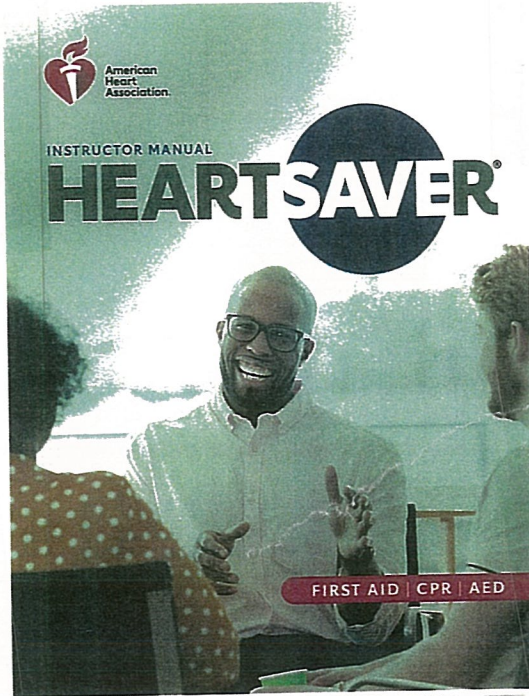

The Heartsaver First Aid CPR AED Set includes the required videos AHA, BLS and Heartsaver Instructors need to teach AHA's Heartsaver courses. This includes the online/blended learning and classroom versions of the courses for both the Heartsaver and Heartsaver Total course paths.

- These DVDs are to be used by a single AHA BLS or Heartsaver Instructor to teach the Heartsaver First Aid CPR AED, Heartsaver CPR AED, and Heartsaver First Aid classroom courses. The instructor will also be able to conduct skills practice and testing for Heartsaver First Aid CPR AED blended learning.
- Reflects the latest science and education from the 2020 AHA Guidelines for CPR and Emergency Cardiovascular Care (ECC).
- Provides students the highest quality training in the lifesaving skills of first aid and/or CPR and use of an AED.
- Helps students to act with confidence in an emergency at work, home or in the community.
- With online, onsite and classroom training in two course paths (Heartsaver and Heartsaver Total) these courses offer flexibility for Training Centers, Instructors and students to select the appropriate training to fit their needs.
- The shorter Heartsaver core course path offers flexibility to add optional topics. The Heartsaver Total is designed for those needing OSHA or other regulatory agency compliant training.

## HEARTSAVER FIRST AID CPR AED INSTRUCTOR MANUAL, EQUAL OR BETTER

Quantity: 75 each

The Heartsaver First Aid CPR AED Instructor Manual includes information and Lesson Plans that AHA BLS and Heartsaver Instructors need to teach AHA's Heartsaver course. This includes the classroom and online/blended learning versions of the Heartsaver and Heartsaver Total course paths. With additional teaching flexibility, the manual provides sample course paths by audience to show how training can be customized for students. This is used by a single BLS or Heartsaver Instructor conducting Heartsaver courses.

- Shows the latest science and education from the 2020 AHA Guidelines for CPR and Emergency Cardiovascular Care (ECC).
- Courses provide the highest quality training in the lifesaving skills of first aid and/or CPR and use of an AED.
- Courses gives students the confidence to act in the event of an emergency at work, home or in the community.
- With online, onsite and classroom training in two course paths (Heartsaver and Heartsaver Total), these courses offer flexibility for Training Centers, Instructors and students to chose the appropriate training solution to fit their needs.
- The shorter Heartsaver core course path offers the flexibility to add optional topics. The Heartsaver Total is designed for those requiring OSHA or other regulatory agency compliant training.
