PROCUREMENT AND CONTRACTS BRANCH

June 9, 2021

ADDENDUM B

TO

INVITATION FOR BIDS

IFB D21-096

TO

FURNISH AND DELIVER
DISPOSABLE FOOD SERVICE PRODUCTS
ON THE ISLANDS OF HAWAII AND KAUAI

PART I: The following change (additions in red bold) is hereby provided and incorporated into IFB D21-096:

- **Attached is the listing of products that were submitted for pre-qualification via Exhibit C, Data Submission Form.**

Samples are required from Vendors whose products were listed as "Pre-Qualified".

Vendors whose products were listed as "Pre-Qualified" shall submit samples on **June 17, 2021, between the hours of 8:45 a.m. to 10:00 a.m.** Samples shall be delivered to **Farrington High School Cafeteria, 1564 N. King Street, Honolulu, HI 96817.**

Samples will not be accepted outside of the date and time specified, unless prior arrangements have been made with the School Food Services Branch.

Sample submittal shall include the following:

- any further information necessary to establish product quality, and
- minimum of **ONE (1) PRODUCTION CASE** (labeled with the manufacturer/brand name and product number).

All submittals, including production case(s), and any product information submitted shall become the property of the STATE and may be retained for future reference.

When the product offered is a privately labeled product, a permanent pre-printed impression on the container or on the product itself must identify the product. A label affixed by the manufacturer to identify the product is acceptable. The mere attaching of an adhesive label by the Submitter will not be considered positive identification.

PART II: The following questions have been responded to:

Q1: Are the estimates on the Offer Pages based on the past year's purchases? Particularly regarding Group 27, Trays, 5-Compartments, Paper and Group 28, Trays, 3-Compartments, Paper.

A1: The estimates of usage on the offer pages are from the 2018-2019 school year when “normal operations” were in process at the cafeteria with off-the-counter meal service. The 5 and 3 compartment paper trays estimated quantity reflect what was purchased during the 2018-2019 school year. Please note not all cafeterias are providing off-the-counter meal service. No guarantee to purchase the amount listed is intended or implied. Refer to IFB Special Conditions No. 37, Quantities.

Q2: Can I take the usage numbers and divide it by 12 to estimate how much to bring in for each month, if awarded?

A2: Yes, but in some cases that may not work. Generally, the highest usage numbers will occur in the months of August, September, and October and possibly after January. Though not all schools will have the same requirements for all items, it may be beneficial to consider the estimated number of schools on each island. They are as follows:

Hawaii	42 schools
Kauai	16 schools

An example of when dividing usage numbers by 12 months would not work is below:

For Kauai, Group 1, Item 1 - Bags, Food Storage, 1-gallon, freezer. The estimated quantities is 12,000 bags, with max pack size of 100. That equals about 120 cases in the 12-month period. 120 cases divided by 12 months is approximately 10 cases per month. Kauai has 16 schools. A vendor bringing in 10 cases a month would not have enough stock if all schools decided to order 1 case in any given month.
